ROUND THE SHOPS.

[By "EVE"]

The Dolly Vardon Hat Shop.—One of the most notable local shopping events on the calendar, The Dolly Vardon Hat Shop Summer Sale, is now on, and if anyone's wardrobe has room for another hat—and whose hasn't!—now is an opportunity that should not be missed. The hats displayed in this sale at this smart little home of elegance have a distinction all their own and give a final and charming note to milady's ensemble. These creations are offered in different lots of \$5.00, \$7.50, \$10.00, \$12.00, and \$15.00 and 25 per cent discount is marked off all the new models, many of which only arrived as late as last week. Besides exquisite hats, there is a lovely lot of American washing dresses which have proved so popular in the past. I would remind my readers that the Dolly Vardon Hat Shop sales are extremely popular and would advise an early visit in order to get the pick of the stock.

Gordon's.—This week Gordon's are showing their latest consignment of summer shoes. Patched shoes in two colours as well as materials are seen quite a lot while court styles in white suede with brown leather in a punched design are among the new features. Sandals are also in two colours, and in plaited designs they look very attractive; striking ones are seen in white and black, and white and brown. These sandals shoes appear with great success and are not only seen on sports models, but lend themselves also to beautiful afternoon and evening models, as is exemplified in a very attractive model in white and red.

G A Y

SUMMER FROCKS

Lane, Crawford's.—New large brimmed summer hats are featured this week in the ladies' saloon, salon, most of which are ribbon-trimmed only; for example, in one model in a new beige straw three colours in "angel-skin" are used. Some models show the taller crown while very shallow crowns and narrow rolled brims are characteristic of other hats. Quite a number of new awnings are used to further the ends of fashion and there are also some very striking French hand-made felt hats. These hats are the very latest and I must say they are all very charming and distinctive.

Whiteaway's.—Raincoats for the kiddies are on display at Whiteaway's this week and are really very attractive. The little cap style with hood attached is in all sizes and in colours—red, blue and fawn. Another style is a coat with Magyar sleeves in all sizes from 21 inches up; these come in fawn and dark blue.

I would remind you that Whiteaway's will be opened as usual tomorrow till 1 p.m. when they will be still showing their dollar values.

Elvells.—Some lovely evening gowns are on view at this salon in the Gloucester Arcade, georgette, satin and tulle being used on many of the delightful models. The organdie dresses seem especially fetching and the very up-to-date hats which have just arrived are extremely chic. There are also some very attractive silk sports or morning dresses which are all very well made and are offered at about \$22.

Maddening Moments

The man who dared

The manager was furious. The young man scrunched. The waitress was flabbergasted. The young man went on scrunching. Over the faces of his fellow lunchers stole a look of horror mingled with admiration at his sangfroid. Still he went on scrunching. . . . He didn't care. How delicious they were, these "Ovaltine" Rusks. How subtle their melting crispness. . . . how piquant their unusual flavour. He took a drink. What an admirable lunch he was having. Why should he order anything else when he had got these perfect rusks? He toyed with the idea of passing them round. Perhaps it was hardly fair to keep such pleasure all to himself. And yet, dash it all, there were only a few left. . . . No, he couldn't spare them. Certainly not. . . .

CRUISING COMPLEXIONS

Cruising promises this year to be one of the most popular forms of holiday-making. Complexions must be tended more carefully while on the sea than on land if they are to keep fine in texture, smooth and velvety. For according to a well-known Bond-street beauty specialist, the salt air has a very drying effect.

An important point to remember, therefore, when packing your trunk, is to include a good supply of skin food and skin tonic.

A Nightly Treatment.

After thoroughly cleansing the complexion at night massage the face with a liberal dose of skin food. Then leave it on all night, letting the cream do its beauty-giving work steadily while you sleep.

In the morning repeat the skin food treatment and then put the face briskly with some skin tonic. Cold cream is not sufficiently greasy. You must use something that contains a lot of skin nourishment.

Skins That Are Too Oily.

Women with naturally greasy complexions will be astonished how dry their skin seems some hours after leaving land. They, too, should be very strict with themselves over this night and morning skin food treatment.

To guard oneself against the changes of temperature met even on a short cruise one should be careful to use a good protector cream, said the specialist.

The Morning Routine.

the grocer and tonic treat continued on next column.

NEW JEWELS.

GOLD EAR CASINGS—JOINTED RINGS—GLOVE CLIPS.

The great innovation for evening wear is a piece of jewellery which combines rings and bracelets which are connected across the back of the hand.

In one case a broad diamond bracelet is connected with a diamond ring by a thin platinum chain running diagonally across the hand, and with an ornament in the centre.

In another, two rings are attached to the bracelet and the connecting chains cross in the middle, while in yet another the centre motif is a tiny jewelled watch connected with a bracelet to pinch and a ring on the middle finger.

The very latest thing in carinas is jewelled casings in gold or plaster which run up the back of the ear.

Elbow Jewellery.

A new ring runs up from the base of the finger to the nail, like the jointed finger of an armoured gauntlet of the knights of old, and it is held on by three bands, one for each joint of the finger.

There is also a bracelet like it to cover the back of the elbow.

Other rings are cunningly devised so that they expand. One half of the band slips gently inside the other half so that there is no break in the band, as is usual with the old type of expanding ring.

Beauty Bracelets.

I have seen a bracelet studded with three different kinds of precious stones matched by three rings to be worn on the same hand, each ornamented with one of the stones in the bracelet.

A very broad silver bracelet cunningly worked holds a small square case, whose surface is chased, and which is a miniature powder case. Beside it, looking as if it is part of the design, is placed a tiny lipstick.

For Evening.

This is, of course, for evening wear, but I saw another for the sportswoman which also included a tiny protected watch, which was not so showy, but very beautiful and practical.

Another new piece of jewellery is a bracelet specially made to go round the top of the long evening glove which has come into fashion, and intended to keep it in place. An alternative to this is a clip which draws the edge of the glove tight about the upper arm.

ment first thing in the morning rub in the protector cream, then apply the paste rouge and after that your powder.

This treatment will last during the day, for all the items are weatherproof. The cream will protect the skin against sun, rain and wind. It can be had in several shades.

Among the young people the "bronze" complexion promises to be as popular as ever this season. Those who only want the appearance without actually having sunburnt skin choose their protector cream in bronze or one of three shades of sunburn.

A Soothing Cream for Blisters.

Others who like the real thing and let their skins become naturally brown find a velvety cream very useful just when the first painful blistering feeling starts. It is applied to the face—arms and legs, as well if desired—and left on for half an hour. It soothes the inflammation but does not prevent the skin turning sunburnt.

Stimulating the Hair.

Many people think that sea journeys spoil the hair. That is not quite true, however. Whilst the salt water let in through a bathing cap is harmful, sea air itself, up to a point, is quite beneficial.

Those troubled with gray hair will find that after a few days their hair is becoming normally dry. Dry hair also seems invigorated, but in both cases it is a necessary precaution to massage a little lotion in at night. This helps to keep the natural oils working properly and increases the benefit gained from the atmosphere.

Most women wear nets while on deck.

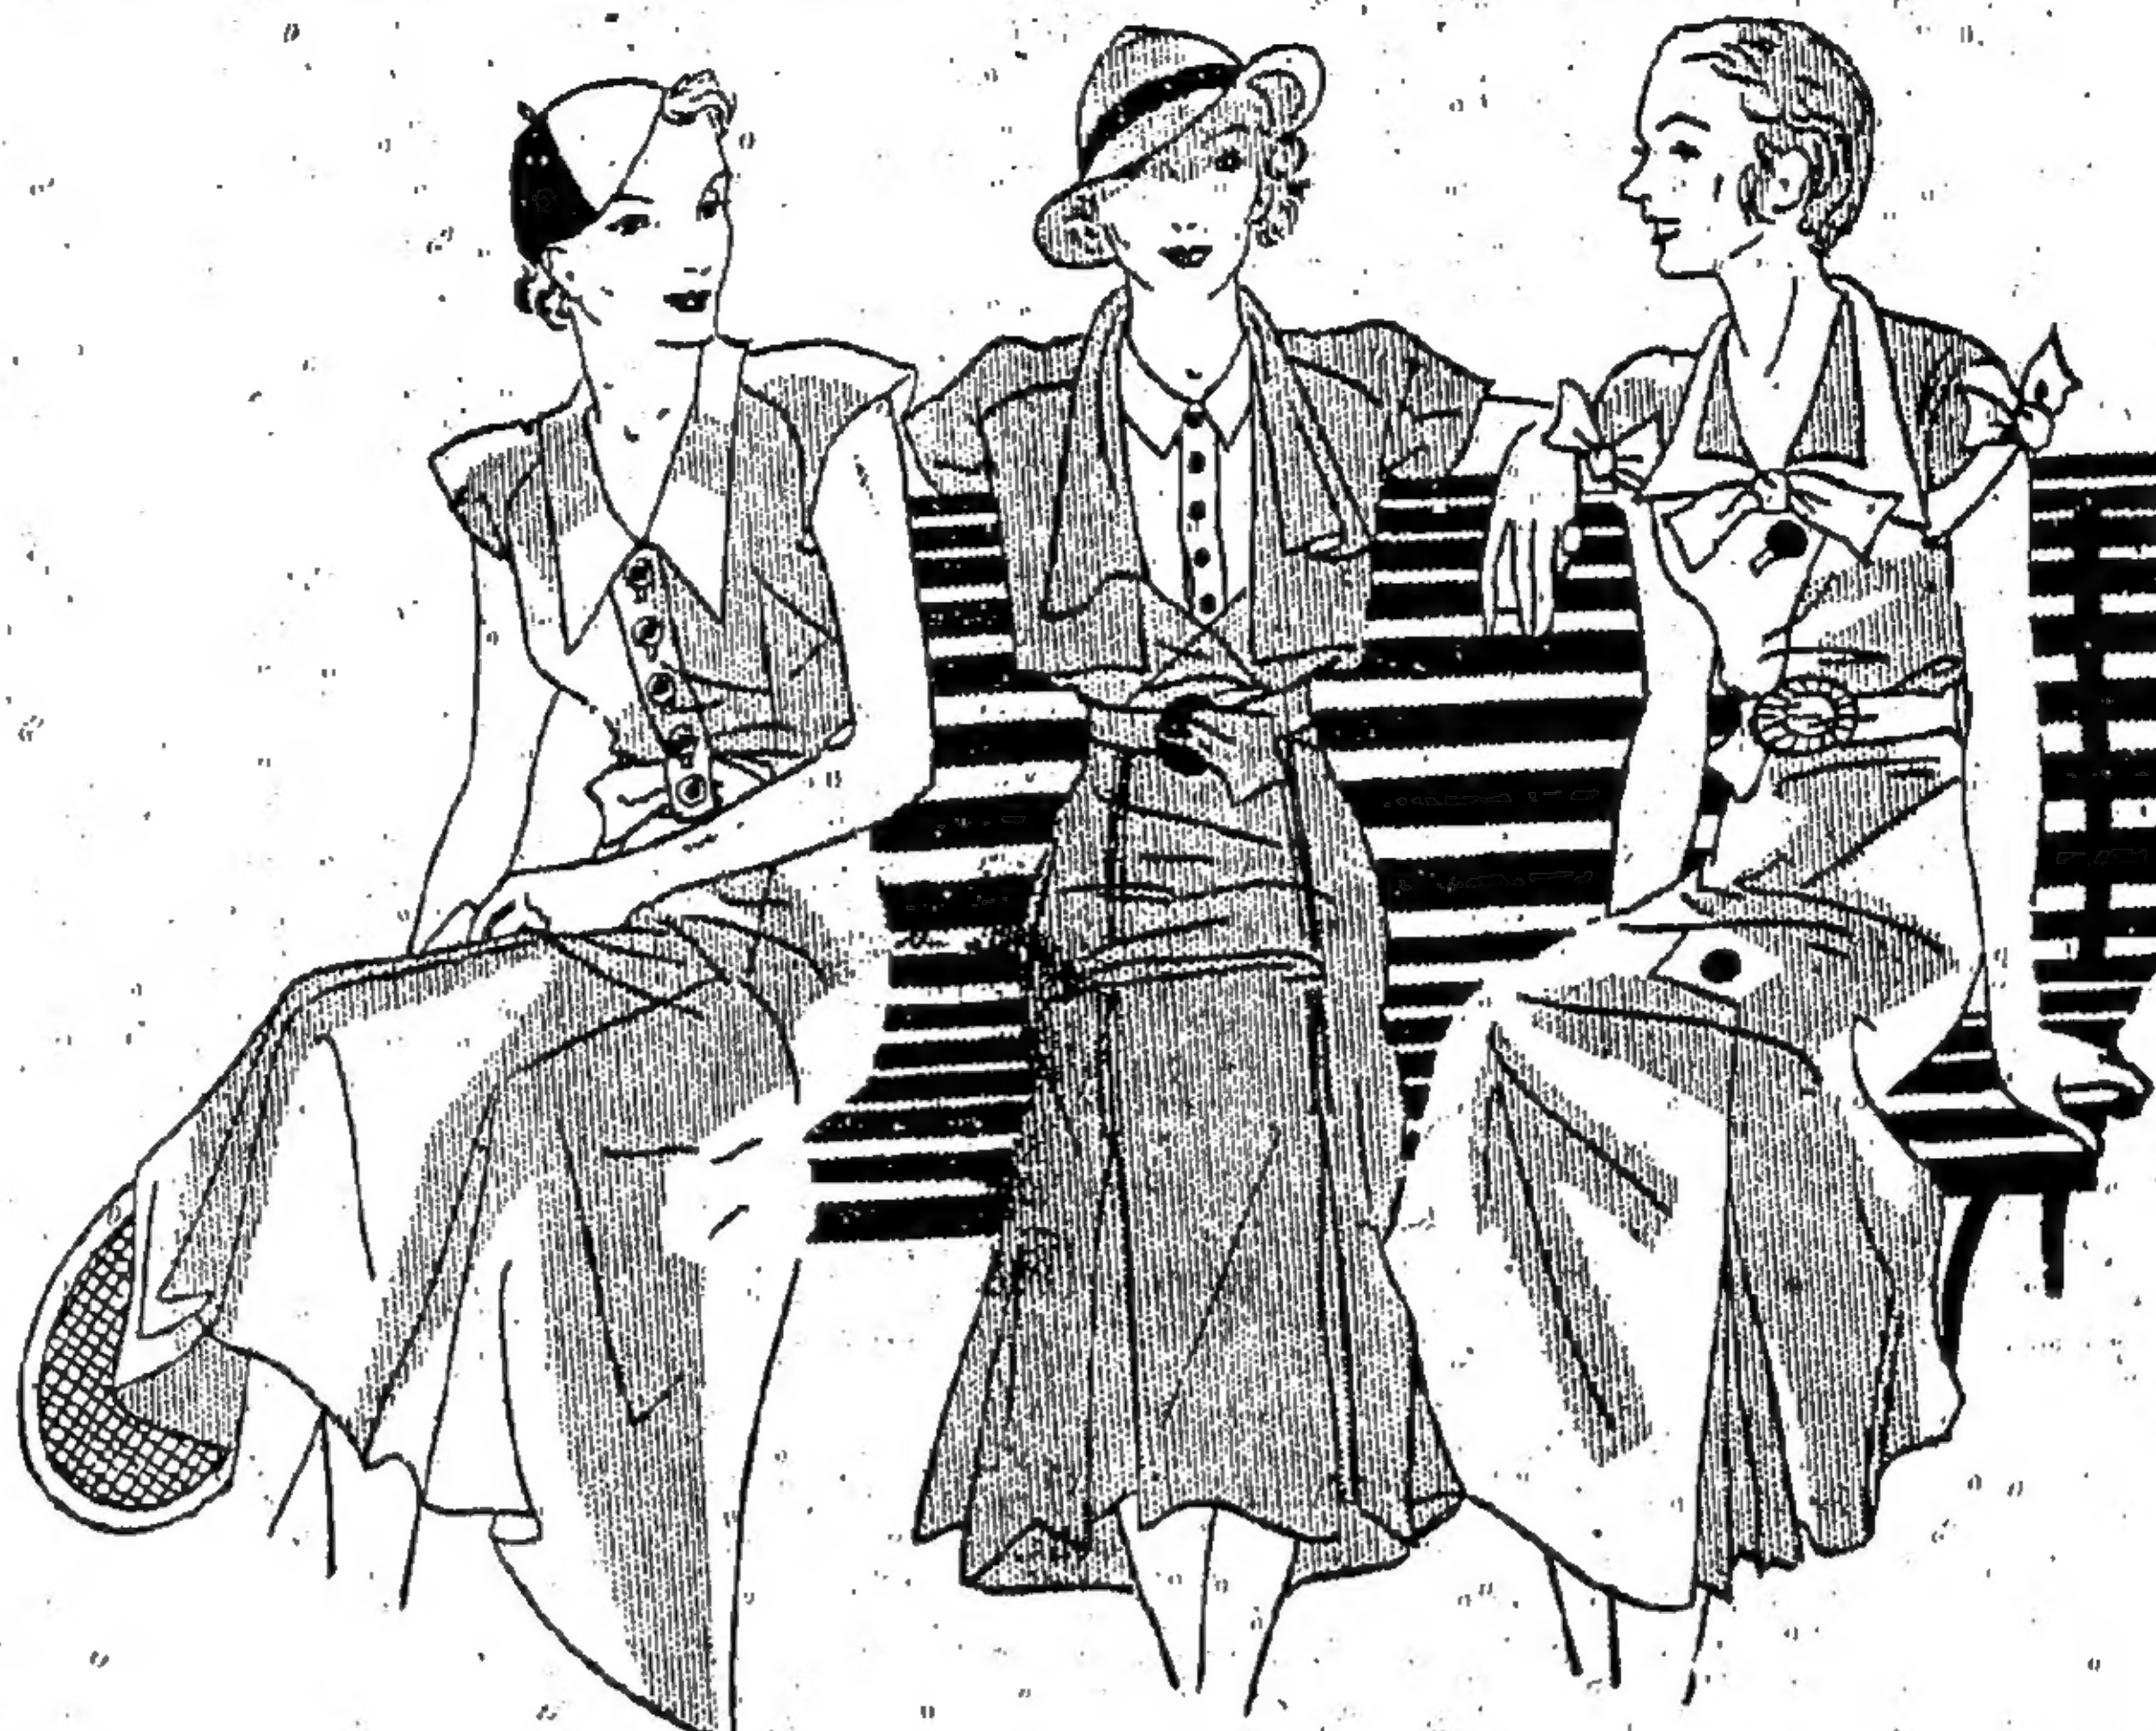

When the Eyes Smart.

Eye lotion is another preparation that should be packed. Often the eyes smart somewhat during the first day or so at sea and this lotion will ease them and keep them clear and bright.

If you are really wise you will wear gloves when playing games such as deck quoits. The harsh ropes of the quoits hurt the skin and the speed with which they must be caught breaks one's nails.

Few people, however, are really wise about this, so those who won't bother with gloves will do well to give their hands a good skin food treatment and smear their nails with a softening jelly at night. If they are not allowed to get brittle there is, obviously, less chance of their breaking.

WOMAN'S PAGE

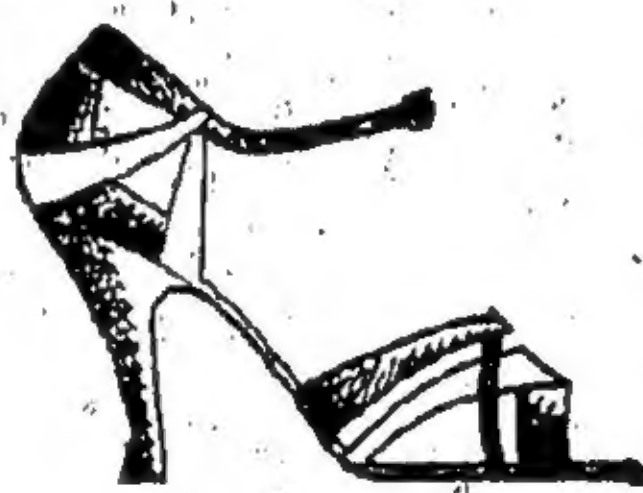

FASHIONS IN FOOTWEAR

A NEW ENGLISH CRAFT.

SOME COLOURS AND FABRICS.

Some interesting and amusing examples of the footwear of smart women in past centuries may now be seen at an exhibition of shoes in a Piccadilly store. Many of the samples are still in excellent condition though made a century or so ago.

Smart Lace-up Boots.

It seems odd now to think of boots as smart footwear, but during the greater part of the nineteenth century they were worn by all ladies of fashion. One pair exhibited must have caused quite a lot of envy when they were first worn. The shoe parts were made of fine black kid, cut with a long, perfectly square toe. Rich white brocade made the uppers, which reached a few inches above the ankles. They were made in lace-up style and fastened with a pair of red silk laces.

A slightly less elaborate pair was in brown kid, with very pointed toes, and uppers made of brown openwork fabric.

A Spanish Vogue.

The exhibits included a pair of Spanish sandals 30 years old—but fashions seem to change slowly in some districts, for the girls of Aragon wear the same style of sandals to-day. They are made of very fine rope—the soles remind one of the rope-soled paddling shoes that children wore about 20 years ago.

A Difficult Craft.

In the modern section of the exhibition are displayed some beautiful examples of British craftsmanship. Whilst we have always produced excellent sports and country shoes, the infinite elegance of the Paris fashion shoe has hitherto eluded us. After 12 months' experiment, however, a British firm is now producing afternoon shoes that are equal to Paris shoes in chic and delicacy of workmanship.

Only four girls in England know how to turn in and finish the open-work borders and kid pipings in the true Parisian fashion. They were trained for six months before they learnt the art, practising first of all on cloth and then going on

to leather. The edges of the kid have to be folded over against the lining and then machined—almost a hair's-breadth fold, so that the edges are kept neat and yet there is no bulk to increase the weight or the shoe.

A pretty pair of court shoes was in black patent leather and white antelope, patent introduced in a modern lightning design. The seams were outlined with parallel rows of contrasting stitches with a row of pin-head holes between.

Summer Sandals.

A pretty sandal shoe for summer wear was made of tightly bound raffia in different shades that are worked into a plaid design. Very attractive were those with new blue soles and heels and red, white and blue plaid raffia uppers.

A new fabric made of fine twine woven to imitate brown and beige tweed was used for several models, in ankle-strap, sport and sandal styles. They are excellent for town wear with tailored suits of fine wool material.

A New "Monk" Shoe.

For sports use there is a new type of monk shoe, with a stitched-down flap that fastens to the side of the shoe. The seams were developed and hand-panched in a decorative style. Some were made in brown antelope, others in white, and blue, and a variety of other colours.

The crêpe rubber soles on all the sports shoes are set within a narrow leather band. This keeps the rubber from stretching, and also makes it invisible when walking.

HOUSEHOLD HINTS

Beaded bags can be easily cleaned by immersing in a bowl of petrol and brushing with a stiff brush. Then swirl round in the spirit and pull the bag gently into shape fairly frequently as it dries. This will prevent any cobbling of the fabric upon which the beads are sewn. All jobs of petrol-cleaning should be done out of doors.

Condensed milk may be whipped up like cream if it is first heated for ten minutes and allowed to become quite cold.

Fish, other than salmon, should never be left to stand in the water in which it has been boiled, or it will lose its sweetness and flavour. If it cannot be served immediately, remove from the water, put on a stand so that it can drain, cover with a cloth, and keep in a warm place.

Ice pudding should be turned out very carefully. After removing from the freezing mixture, place the mould in cold water for a few seconds. Put a paper d'écuyer on the dish, and turn the mould gently on to it. Do not shake. If there is any difficulty leave the pudding for a few minutes, when the mould should slip away easily.

SPORTS WEAR FOR ONLOOKERS

All shades of blue—a strange hyacinth shade is newer than cornflower, while navy remains on its pinnacle—and several warm beiges invite selection.

One of the new cottons, with a "nobby" surface like mock tweed, for your "clever" ensemble is recommended.

This must have interchangeable blouses, scarves, and hats.

One model begins with a sleeveless and very décolleté tennis dress as foundation. This has adjustable shoulder straps for sunbathing. Over it is worn a tunic dress of wool crepe in a serviceable colour.

This is a sophisticated adaptation of a school-girl's "gym" tunic. The tennis frock acts as a blouse top for the tunic, and over both goes a long-sleeved bolero coat matching the dress. This has revers and a scarf of striped silk in the two colours already launched. These revers are fastened with clips and can be exchanged for a variety of alternatives, each with a matching scarf.

Of course, when it is unnecessary to wear the tennis dress underneath, you vary your effect with blouses; fluffy organdie for one occasion and a fine woollen jumper for another. The tunic dress can own at least half a dozen belts.

Brown and white walking shoes are right nearly everywhere in summer, and it is best to have one low-heeled pair for standing about on grass or rough ground, and another dainty pair for ideal conditions and dancing by the river or in a road house.

Hints about Baby

EACH meal for Baby should be freshly prepared and given at a temperature of about 100°. Use a Feeder that can be easily, and efficiently cleaned. Never give Baby a "comforter" which infects the mouth with germs, and spoils its shape.

The Food must be conveyed into Baby's mouth without fear of germ contamination and at a proper rate of flow.

The Allenburys' Foods
are easy to prepare, free from germs, and provide complete nourishment; the "Allenburys' Feeder" is the simplest and best.

SWATOW NOTES.

LOSS TO FOREIGN COMMUNITY.

DEATH OF MR. M. MOORWOOD
(From Our Own Correspondent.)

SWATOW, June 28.
The soldiers of the 7th Army stationed at Chiao Mei district have lately captured 6 persons who have since been identified as having taken part in the s/s Hanyang piracy a few months back. After a brief trial they were shot by the authorities. A few Communists arrested in the city last week met with the same fate.

New Electric Plant.

In two or three months' time the electric light company is to install a new and powerful plant. The news is received with more than a welcome seeing that the light has always been such a poor one. Owing to alterations the town often find itself in complete darkness after midnight. On the first night this happened unexpectedly it caused a great sensation and fears were entertained that the "Reds" had surprised the city.

Automatic Telephone.

The building is nearing completion, and after a few finishing touches will be ready for business in August, I hear. In the meantime underground cables have been laid; there are rumours that prospective subscribers may not agree with the conditions under which the business will be done.

Obituary.

It is with much regret that I have to record the death, which took place yesterday, of Mr. Marvin Moorwood, late of the Imperial Chemical Industries, after a very short illness. Marvin was in perfect health until a few days ago when he contracted sunstroke while out bathing, but malaria also set in and that proved too much for the victim. The whole town was shocked about his untimely death. Some who heard the news thought it was a joke, and greater still was the surprise when his remains were interred yesterday in the Kakio cemetery. Mr. Moorwood had been a most popular figure in the social circles, and since his arrival here some three years ago, had endeared himself to all who had come into contact with him by his sense of humour, genial personality and pleasing and lively spirits. To his firm the loss is a great one and in society a gap has been made. The I.C.I. staff and numerous friends were present at the graveside to pay their last respects.

Foreigner Beaten Up.

Mr. N. Zahar, a Jew, and local representative of Barclay Bros., had a bad time not long ago when he was badly assaulted by a big crowd of Chinese near his residence. It happened that his two sons—boys of 10 to 14 years old—somehow or other got into a scrap with some Chinese boys. Undoubtedly they got the worst of the fight and Mr. Zahar then came out and took the law in his own hands. With a stick the "little Chinese archers" got the beating of their lives. The parents were naturally enraged and soon a fierce crowd assembled in the vicinity and wreaked revenge on Mr. Zahar, who was mauled and had to remain indoors for some days before the matter quietened down.

"STRANGERS IN LOVE."

FREDERIC MARCH FILM
AT KING'S THEATRE.

A trade notice states:—
The hand may or may not be quicker than the eye. But the imagination outdistances any form of speeding modern transportation known.

This was proven during the filming of "Strangers in Love" Paramount picture in which Fredric March, Kay Francis, Stuart Erwin and Juliette Compton are featured, and which is now showing at the King's Theatre.

March, arriving home after working all day on the California "Intimate" set, was greeted at the door by an excited housemaid.
"The studio just called, Mr. March, and said to tell you they forget to ask you to be ready to leave early in the morning for Italy!"

"Italy?" pondered March in a surprised manner tempered by a calm that comes with knowing some of movieland's current miracles.
"Why I never heard of that, there must be some error."

March got in touch with one of Director Lotter Mendes' assistants and was relieved to hear:

"I told the maid to tell you not to forget to be ready to leave for Naples at six in the morning."
Naples, California, a beach town below Long Beach, near Los Angeles, California, had been selected for some maritime touches.

Money and Markets

HONG KONG STOCK MARKET.

YESTERDAY'S OFFICIAL QUOTATIONS.

Very little interest was displayed at yesterday morning's session, markets being under the influence of the approaching holidays.

Sales.

Hong Kong Bank, \$14.45

Shanghai Electric Construc. (Continued at foot of next column.)

SINGAPORE STOCKS.

FRASER & CO.'S WEEKLY REPORT.

Messrs. Fraser & Co., Singapore, in their weekly report dated June 22, state:—

Conditions in the local share market during the past week call for little comment and quotations remain practically unchanged.

The price of Tin, after a sharp fall, has improved again and according to London advices the tone of the market generally appears healthier.

There is still no announcement from the International Tin Committee on the subject of the proposed holiday scheme, but it is generally considered that one is imminent. Meanwhile the closing price for the three months' position is \$217.50. Rubber remains dull with very little real buying demand. London and Liverpool stocks show a decrease of 3,956 tons over the week, the total now standing at 111,337 tons. The chief item of interest in the Industrial market has been the publication of the Straits Trading Co.'s half-yearly report. After writing off depreciation and making provision for bad and doubtful debts, the net profits amount to \$385,386.01, showing a falling off of approximately \$235,000 from the previous half year. The Directors have, however, brought into the Balance Sheet the sum of \$2,500,000 appropriated out of internal reserves to meet contingencies arising out of Tin restriction, and have declared the same dividend as previously viz. 75 cents per share. On the whole the market has received the report well, and the shares are slightly firmer.

Other Industrials remain unchanged with practically no business passing. All issues of loans continue active round current quotations.

Mining.—On an entirely neglected market, Kuehais have changed hands at 37 1/2 cents, Kintans 60 cents and Penawats at 32 cents. A small parcel of Pangahs made 8/- and Pangrin Tin Dredges were placed at 5 1/4. There is a small enquiry for Tronohs at 12 3/4 and Pahang Consolidated offer at 2s. 1d. Raub, after business at \$17.00 have further sellers slightly over and a line of Malayan Collieries made 8 1/4.

Industrials.—Straits Traders have continued a fairly active market and prior to the appearance of the Balance Sheet shares changed hands down to \$19.75. At the close, however, there is a steadier feeling and there are buyers at \$20. Straits Steamships continue weak with sellers at \$12.75 and bids are still wanted for Harpers and Fraser and Neaves. There are sellers of Singapore Cold Storages at \$3, while Robinson Ords. have buyers at \$2.30; a parcel of Robinson Prefs. are available at \$35.50.

There is a small buying enquiry for McAlisters at \$70 and South British Insurance at \$19. Consolidated Tin Smelter Prefs. can be placed at 15/9, while the Ordinaries are obtainable at 10/6. United Engineers have come to business round quotations and bids are wanted for Alexandra Brick Ords. and Prefs. Gammons and Thornycrofts. London Middle Prices by to-day's cable are as under: Shell Transports \$214.6, British-American Tobaccos \$23.12, Hong Kong Bank \$25.0, Dunlops 10/6, Imperial Tobaccos \$23.15, Courtaulds \$21.6, Imperial Chemicals 14/9 and Unilevers \$21.5.

Dividends.—Straits Traders: Dividend, 75 cents; total for year to date, 75 cents half year; year ends, 31.3.32; date payable, 27.6.32; books close, 18.7.32. Ulu Klang (Fin): Dividend, 2 1/2 per cent. total for year to date, 2 1/2 per cent; year ends, 31.3.32; date payable, 27.7.32; books close, 23.6.32 July 1932.

FED UP WITH ARMY!

MAGISTRATE'S SOUND ADVICE TO SOLDIER.

FOLLOWED BY SENTENCE OF SIX WEEKS.

The case in which Private Andrew Young was charged with theft of five watches took an interesting turn before Mr. J. A. Fraser at Kowloon yesterday, when Inspector Elston, prosecuting, said that defendant, with a view to getting a lighter sentence, had handed him a watch a few minutes before the case was due to start. The watch had been identified as one of the five alleged to have been stolen by the defendant.

His Worship: It is pretty late to do that, you know.

Asked by his Worship whether he was changing his plea, defendant, who had previously pleaded not guilty, replied in the negative.

As all the evidence for the prosecution had already been given, his Worship asked defendant if he had anything to say.

Defendant: I have nothing to say.

His Worship: I have gone over the evidence of the prosecution very carefully and I find that the evidence is conclusive. I therefore convict you. However, there must be some reason for your doing this!

Defendant: I'm fed up with the Army.

His Worship: Even if you, as you say, are fed up with the Army, it is not a good way of showing it by bringing disgrace to it.

Defendant: It is the only way to be discharged.

His Worship: Think of the disgrace. You realise the seriousness of the offence? You are convicted of felony, a thing which will follow you throughout life, in every country and everywhere you go.

Defendant: I have already disgraced myself by joining the Army.

His Worship: No, no. You must not say that in this Court.

Inspector Elston pointed out that defendant's act must have been premeditated and calculated. It was not the fact of a man who was suddenly tempted. It was also not the case of a man who was fed up with the Army and wanted to get out of it. If it was he would not have run away, but would have stayed there until he got pinched.

As it was, it took the police nearly a week to trace the defendant.

Sentence of six weeks was passed.

MOTOR-CAR LICENSES.

[TO THE EDITOR OF THE "HONG KONG DAILY PRESS"]

SIR,—You may or may not be aware of it but I am informed that the Motor Car License fee, valid for 12 months is now \$30. Hitherto this fee was \$24. This is merely a 50 per cent. increase. In these days when most business concerns and individuals just and only just manage to exist, on their overdraft and by the exercise of extreme economy the additional expense of \$12 for a car license is simply nothing at all. It is cheerfully paid for the Hong Kong Government demand it. There is therefore nothing more to be said, except that I am amazed that the Motor Car License fees are not increased to \$45 per annum, a mere 50 per cent. instead of only 50 per cent. If this were done now it would save a lot of bother next year. I would even suggest that these fees be paid not as now one year in advance, but 2 or 3 years in advance, for it is of course certain that the money collected would be carefully and judiciously expended by Government, and we could now instead of later, enjoy the benefits thereby.—Yours, etc.

WHOLE HOGGER.
Hong Kong, June 30, 1932.

H.K.F.A. ANNUAL MEETING.

SUNDAY FOOTBALL TO BE CONSIDERED.

The annual general meeting of the Hong Kong Football Association has been fixed for Friday, July 10, at 5.30 p.m. in the board-room of Messrs. Jardine, Matheson & Co., Ltd.

Included in the business is an item "to consider alterations to rules" which have been recommended by the Council. It is proposed to delete Rule 11 and substitute the following:—

"Matches may be played on Sundays under the jurisdiction of this Association. A Club or player shall not be compelled to play in any match on Sunday, Good Friday or Christmas Day."

A second paragraph is proposed for Rule 7 as follows:—

"Players who have played more than one match in the 1st Division of the League shall be considered senior players and may not play in the 2nd Division without the consent of the League Management Committee, neither will 1st or 2nd Division players be allowed to take part in 3rd Division football without the consent of the League Management Committee."

PENINSULA HOTEL CONCERTS.

LONDON SOPRANO TO APPEAR.

The sixth Symphonic Concert which is going to take place on Sunday, July 3, at the Peninsula Hotel, looks very attractive indeed.

The whole composition of the programme is very popular, and the special attraction will be one of London's most popular singers, Mrs. D. Blair, L.R.A.M., the former possessor of a delightful soprano voice of remarkable range and purity. Mrs. Blair will be accompanied at the piano by Mr. F. Mason, A.R.C.M., and it is certainly worth while not to miss this performance.

LAWN BOWLS

RECREIO TEAMS FOR TO-MORROW.

The following will represent Club de Recreio in the lawn bowls league games to-morrow:—

Senior team (home) v. Civil Service at 3.30 p.m.:—J. M. M. Alves, C. A. Lopes, F. X. M. Silva and C. G. Silva (Skip).

F. A. Xavier, R. R. Roberts, L. C. R. Souza and R. F. Luz (Skip).

L. A. Gutierrez, F. V. Ribeiro, A. S. Gomes and C. E. Marques (Skip).

Junior team (away) v. Yacht Club at 3.30 p.m.:—M. A. Carvalho, H. F. Rozario, J. J. Basto and C. H. Basto (Skip).

F. A. Prata, J. M. S. Rosario, J. C. Ozorio and A. H. Basto (Skip).

A. A. Xavier, F. X. Soares, E. M. Remedios and Dr. R. A. C. Basto (Skip).

Open Singles.

In the first round of the open singles championship, J. C. Ozorio beat B. E. Mughan, the winner meeting F. L. Rapley in the next round.

C. J. Tacchi also entered the second round by defeating F. Jones 21-19. He will next meet the winner of the Farrell-West tie.

AQUATIC SPORTS.

ENJOYABLE EVENING AT NORTH POINT.

SOUTH CHINA MEETING ATTRACTS LARGE CROWD.

The South China Athletic Association Bathing Beach was the scene of much merriment last evening when the Club held its annual aquatic sports.

The events attracted a large number of entries and, varied as they were, provided plenty of competition. All the fun was forthcoming when the obstacle race was run while the duck-catching race proved to be extremely amusing.

The results were:—

200 Metres Variety Team Race (Girls).—1, Miss Yeung Sau King's team; 2, Miss Mok Suk Poon's team.

200 Metres Open Relay Race.—1, V.R.C.; 2, S.C.A.A.; 3, C.B.C.

200 Metres Open Relay Race (Ladies).—1, S.C.A.A.

100 Metres Apple Race.—1, Wong Sui Cheung; 2, Lau Hung Chu; 3, Chu Fook Yit.

Water Polo.—S.C.A.A. beat S.W.B. by 3 goals to 1.

50 Metres Novices Race (Girls).—1, Miss Szeto Suk Ki; 2, Miss Wong Hoi Man; 3, Miss Yeung Sau King.

100 Metres Obstacle Race.—1, Chu Fook Yit; 2, Chiu Tai Ching; 3, Lau Hung Chu.

50 Metres Blindfold Race for Girls.—1, Miss Yeung Sau King; 2, Miss Yuen Pui Han.

Egg and Spoon Race.—1, Leung Yun Hung; 2, Wong Yuk Pui; 3, Wong Sui Cheung.

Duck Catching.—1, Chiu Tai Ching.

SEQUEL TO GIRL'S DEATH.

DRIVER WHO DROVE ON AFTER ACCIDENT.

Chan Tak San, a private driver, was charged before Mr. Wynne Jones yesterday with failing to stop after a fatal accident in Hennessy Road on June 5 last and failing to report the accident to the police.

Mr. Horace Lo, defending, in pleading "Guilty" explained that it was through sheer fright and nervousness that the defendant failed to report the accident.

Traffic-Inspector C.F. Alexander stated that the case was a serious one, pointing out that the defendant must go before the Inspector General of Police (the Hon. Mr. T. H. King) at the conclusion of the case. The I.G.P. took a serious view of the matter.

Mr. Lo asserted that in this case it was not so much callousness as sense of fear. It was only natural for a driver or anyone, to run away through fear.

His Worship:—I know. But we have got to discourage that feeling.

In fixing the defendant \$50 or three weeks' on the first charge, and \$25 or ten days on the second count, his Worship remarked that it was a very serious matter. "If drivers are going to drive on after accidents, not caring what has happened, the Colony will become an extremely dangerous place to live in," he added.

Several Similar Cases.

Traffic-Inspector C.F. Alexander, for the prosecution, remarked that the defendant had acted in a very callous manner, after having knocked down and killed a girl. Several cases of this nature had been reported, and only on Monday night, a Chinese man was killed in Nathan Road, Kowloon, under similar circumstances. The Police, he said, had a hard job tracing the offenders. It was a serious case. In this case, the defendant had no excuse as to being chased by coolies, or even being assaulted by them, and there was absolutely no excuse as to why he failed to stop.

His Worship remarked that the defendant had made a rather late confession.

Mr. Lo reiterated that it was never too late to repent!

ZAM-BUK

Quickly Cures
ECZEMA
RASHES & SORES

ALL sore, itching and inflamed conditions of the skin quickly yield to Zam-Buk. Even eczema, ringworm and other ravaging skin troubles are speedily eradicated by this marvellous ointment.

Being highly-refined, Zam-Buk exerts a far-reaching antiseptic and curative action. Zam-Buk is able to reach and destroy disease in the deeper tissues just as surely as it heals surface troubles. Zam-Buk soothes pain, draws out poisonous matter and grows new skin.

For cuts, burns, poisoned wounds, bad legs, ulcers, piles, ringworm, itch, sore foot, insect bites and a host of other skin troubles Zam-Buk is unequalled. Get a box to-day and keep it always handy.

THE HON. MR. H. T. CREASY'S SERVICES IN HONG KONG

WARM TRIBUTES FROM THE ACTING GOVERNOR AND SIR HENRY POLLOCK.

HOW THE COLONY HAS CHANGED IN NINE YEARS.

A glowing tribute to the work done in Hong Kong by the Hon. Mr. H. T. Creasy, C.B.E., Director of Public Works, was paid by His Excellency the Officer Administering the Government, the Hon. Mr. W. T. Southern, C.M.G., at yesterday's meeting of the Legislative Council.

His Excellency referred to some of the bigger public works with which the Hon. Mr. Creasy had been associated and said that his departure created a gap which was not easy to fill.

The Hon. Sir Henry Pollock, speaking on behalf of unofficial members of the Council, said that although Mr. Creasy had not been in Hong Kong as long as some of his predecessors, his department, during his term of office, had to deal with matters of greater magnitude and complexity than any previous consecutive nine years, in the history of the Colony.

H.E. the Officer Administering the Government (the Hon. Mr. W. T. Southern, C.M.G.), presided, and there were also present:—The General Officer Commanding (Major-General J. W. Sandilands, C.B., C.M.G., D.S.O.). The Colonial Secretary (Hon. Mr. E. R. Hallifax).

The Attorney-General (Hon. Mr. C. G. Alabaster, K.C., O.B.E.). The Secretary for Chinese Affairs (Hon. Mr. A. E. Wood).

The Colonial Treasurer (Hon. Mr. Edwin Taylor).

Hon. Mr. H. T. Creasy, C.B.E. (Director of Public Works).

Hon. Mr. T. H. King (Acting Inspector-General of Police).

Hon. Comdr. G. F. Hale, R.N. (retired), (Harbour Master).

Hon. Dr. A. R. Wellington (Director of Medical and Sanitary Services).

Hon. Sir Henry Pollock.

Hon. Mr. W. E. L. Shenton.

Hon. Mr. R. H. Kotewall, C.M.G., LL.D.

Hon. Mr. J. P. Bragg.

Hon. Mr. S. W. Tse, O.B.E., LL.D.

Hon. Mr. J. J. Patterson.

Hon. Mr. W. H. Bell.

Hon. Mr. T. N. Chay.

Hon. Mr. A. C. North (Deputy Clerk of Councils).

H.E.'S TRIBUTE.

H.E. the Officer Administering the Government said:—Before we meet again we shall have lost the service of one of our most distinguished members, and I feel I must take this opportunity to say farewell to the Hon. Mr. H. T. Creasy, C.B.E., the Director of Public Works.

After a distinguished career of over twenty-six years in Ceylon, during a large part of which I had the pleasure of being associated with Mr. Creasy in his work, he arrived in Hong Kong in June, 1923, and for over nine years, with only one break for home leave, he has administered the largest of our departments with unswerving loyalty to the Government, with satisfaction to the public, and with distinction to himself. (Applause.)

He had early experience of the difficulties in store for him here, for he arrived only a day or two after the great typhoon of 1923 to find five vessels sunk in the harbour, several vessels ashore and immense damage to property on land. I was not in Hong Kong at the time, but I have no doubt he tackled the difficult situation which faced him with that calm and imperturbable efficiency which has been one of his greatest assets in the difficult times through which Hong Kong has passed in the last few years.

Mr. Creasy arrived at a moment of expansion when the Treasury was overflowing and new schemes were being projected in every direction. He passed through alternate periods of contraction due to the strike and boycott, and the fall of the dollar, and of expansion as the Colony recovered after each depression, factors which have added very considerably to the difficulties of his position.

A Different Victoria and Kowloon.

But throughout his whole time, in spite of the periodic depressions, rapid development, both public and private, has been going on in the Colony, and Mr. Creasy leaves a very different Victoria and a still more different Kowloon from those which greeted him in August, 1923. (Applause.)

It would weary this Council were I to attempt to refer in any detail to the many large public works which have been carried out under Mr. Creasy's supervision; they may be found summarized in the statistical abstract, a new edition of which, carried down to 1930, has recently been published, and they make very interesting and instructive reading. But it comes as a shock to a newcomer who sees the stream of cars on Stubbs Road to realize that there was no motor road to the Peak when Mr. Creasy arrived, and no direct motor road to Wong Nei Chong to Repulse Bay. These roads have become a

part of our daily life, and we can hardly picture the Colony without them. Wherever one turns there is evidence of material progress to which Mr. Creasy and his department have contributed. Kowloon has grown from a small town into a large city and is still growing. Wireless communication has developed almost beyond belief, new buildings, new roads, new piers and new reclamations are visible on every side, while on the less spectacular side of his work much progress has been made in the enforcement of better building construction, especially in the matter of tenement houses.

The Water Supply.

It is perhaps in the matter of the water supply that Mr. Creasy will find the greatest satisfaction when he looks back over his career in Hong Kong. The Shing Mun first section, including the Cross Harbour Pipe, the Aberdeen Reservoir and the Kowloon Byewash Reservoir, have all been completed by him, and above all he has the great pleasure of knowing that the second section of the Shing Mun scheme, for which he has worked so hard, has been approved and is now being commenced. He must also find much satisfaction in the completion of the long drawn out Praya East reclamation, in the commencement of the long delayed new gaol, and the rapid progress of the Vehicular Ferry Scheme, which he just fails to see completed.

I have mentioned but a very few of the works undertaken during Mr. Creasy's régime. Many more will occur to you. It is a record of which any engineer may justly be proud, and I congratulate Mr. Creasy on his achievements. Moreover, with high technical efficiency Mr. Creasy has combined an attractive personality which has made service with him a pleasure to us all. I take this opportunity of recording my deep personal obligation to him for his loyal service and unfailing help during our six and a half years' service together in Hong Kong.

Gentlemen, my remarks would be incomplete if I did not refer also to the regret with which we shall say goodbye to Mr. Creasy. By her enthusiastic work in every good cause, by her unflinching generosity and hospitality, she has endeared herself to the whole community, and her departure will leave a gap which it will be difficult to fill.

We shall miss Mr. and Mrs. Creasy very much indeed, both officially and socially, and I now in the name of this Council wish them long life, good health and happiness in the freedom of a retirement which has never been better earned. (Applause.)

SIR HENRY POLLOCK.

Sir Henry Pollock: Sir,—The unofficial members of the Council wish to associate themselves with the remarks which have just fallen from your Excellency and they will, I am sure, desire me to add a few words of tribute to our departing Director of Public Works.

Perhaps the most outstanding characteristics of the Hon. Mr. Creasy, apart from the ability with which he has tackled his heavy and responsible work, are his good-natured and cheerful readiness and willingness, at all times, both in and outside of this Council, to explain the details of any pending Public Works, and his general accessibility to the granting of interviews.

The Hon. Mr. Creasy has not been D.P.W. here for so long as some of his predecessors, but it may confidently be stated that, during his term of office, his department has had to deal with matters of great magnitude and complexity than during any previous consecutive period of nine years in the history of the Colony.

In the Kowloon Peninsula alone the expansion has been phenomenal.

Nor have Mr. Creasy's labours been confined to those Public Works which we have seen actually completed in Hong Kong. (Applause.)

CHOLERA IN HONG KONG.

37 CASES, 24 DEATHS UP TO DATE.

PROBABILITY OF LOCAL INFECTION.

In a statement issued yesterday by Dr. G. W. Pope, M.O.H., to a representative of the Hong Kong Daily Press it was stated that up to 4.00 p.m. yesterday there had been 37 cases of Cholera reported and 24 deaths. None of these were European. On Wednesday there were seven cases and three cases yesterday up to 4 p.m.

Dr. Pope said the situation had become rather serious in the last 48 hours but as yet there was no indication that a general quarantine will be placed on the port.

The authorities are working under a handicap as they have so far been unable to trace the origin of the disease. It was stated that it was highly improbable that all of these cases were imported and the infection in some cases is believed to be of local origin.

Precautionary Measures.

The only precautions that should be observed are those that have been published earlier and great care should be taken to see that all water is boiled and that all food stuffs should be cooked. There is plenty of anti-toxin in the colony but more is being manufactured against any unforeseen possibility.

According to Dr. Pope, the death rate in a cholera epidemic averages about 50 per cent, although in the earlier stages of the epidemic it is 100 per cent. One of the strange features of a cholera epidemic is that while the disease is extremely virulent at the beginning, it seems to lose its virulence as the epidemic progresses. The reason for this is due to many causes, one of which is the weather.

plotted during his time, for he must have put in much hard work in connection with various large schemes which we hope to see completed during the next few years, such, for instance (to name only a few of them) as the new Government Gaol, the new Government Civil Hospital, the further extensions to the Kowloon Hospital, a new Government House, and a new City Hall, and, above all, and of outstanding importance, the new big dam at Shau Mun. (Hear, hear.)

In conclusion I would express, on behalf of myself and my colleagues, our best wishes for the health, happiness and prosperity of the Hon. Mr. and Mrs. Creasy in their retirement. They will both of them be much missed by a large circle of friends. (Applause.)

MR. CREASY'S REPLY.

Hon. Mr. H. T. Creasy: Your Excellency, Sir Henry Pollock, and Honourable Members of the Legislative Council,

It is indeed a great reward and satisfaction on the termination of a long career in the Government service to receive from you Sir and the Senior Unofficial Members of this Council such appreciation of the efforts made by the Department which I have the honour to direct to keep pace with the rapid development that has taken place since my arrival in the Colony.

Though the water situation has lagged behind, it is well to know that such works as have already been completed will all prove to be steps in the natural sequence of the waterworks extension of the Colony, so that the second section of the Shing Mun Scheme, now sanctioned by the Secretary of State, will permit of a fuller use being made of existing works and thus will hasten to make up the leeway that has occurred.

Your Excellency has mentioned the improvements effected in the construction of the new tenement buildings of the Colony which are in some measure due to the desire of the people themselves for better living conditions. The introduction of the new Buildings Ordinances, recently submitted in draft form, will help in the maintenance of these improvements and will make it more difficult for slum property to continue to exist.

It is difficult to realise what the future has in store for Hong Kong, but there is little doubt that its expansion will continue and under the wise guidance of this Council its future prosperity should be assured.

This kind allusion made to my wife in regard to her endeavours to assist in social welfare work will be very gratifying to her and on our departure from Hong Kong your good wishes and appreciations are a great encouragement and satisfaction.

Any successes that may be attributed to my efforts have only been made possible by the ever ready help and assistance at all times freely given by the Hon. Members representing the Chinese Community in addition to that always received from you Sir and my other colleagues.

It has been a great pleasure and honour to have been associated with this Council during my period of service in Hong Kong. (Applause.)

HONG KONG UNIVERSITY IN 1931.

INTERESTING QUESTION OF WOMEN STUDENTS IN RESIDENCE.

GENEROUS HELP FROM LOCAL FIRMS.

The report on the working of the University of Hong Kong for 1931 states that on December 31, 1931, there were 346 students on the rolls of the University. Of these 31 were women. The distribution by faculties was:

	Men	Women	Total
Medical Faculty	132	5	137
Engineering Faculty	98	23	121
Arts Faculty	100	31	131
Total	315	31	346

ORDINARY AND HIGHER DEGREES.

Thirty-six students graduated at the end of 1931: 14 in the Medical Faculty, 12 in the Engineering Faculty and 10 in the Arts Faculty. Of the 12 graduates in the Engineering Faculty 9 specialised during the final year of their course in civil engineering, second class honours being awarded to one of these graduates. The remaining 3 graduates specialised during their final year in mechanical engineering.

The degree of Master of Surgery was awarded during the year to Mr. Phoon See Wah, M.B.B.S., and the degree of Doctor of Medicine to Mr. Bau Tai Zung, M.B.B.S. The branches in which Mr. Bau specialised for his doctor's degree were obstetrics and gynaecology.

THE GRADUATES ASSOCIATION.

In January 1931 there was a meeting of graduates, and at this meeting The Hong Kong University Graduates' Association was established. The objects of the Association, as set out in its constitution, are "to maintain and foster the bonds of friendship among graduates and former students of the University of Hong Kong and to afford a means, whereby they may be kept in touch with the interests and activities of the University." Full membership is confined to graduates of the University of Hong Kong. But those who have been internal students of the University and members of the University's teaching staff, may be admitted to associate membership.

THE UNIVERSITY STAFF.

At the close of the year under review, the University whole-time teaching and administrative staff consisted, in addition to the Vice-Chancellor, the Registrar and the Librarian, of 16 Professors, 4 Readers (including a Reader in Chinese History and a Reader in Chinese Literature), 3 Lecturers (including a Lecturer in Pharmacology and a Lecturer in Physiology) who combined this post with being the Assistant to the Professor of Physiology. There were also 5 whole-time Assistants to Professors of the Medical Faculty (including the Assistant to the Professor of Physiology to whom reference has just been made). Five whole-time Demonstrators were also employed—also an Instructor in Workshop Practice and a Chinese Translator. The Faculty of Medicine employed last year 3 part-time lecturers, 2 part-time Demonstrators, a part-time tutor in anatomy and a part-time teacher in vaccination. For the Engineering Faculty a member of Taihook Dockyard Staff gave, last year, 33 lectures on Machine Design and an officer of the Public Works Department gave 10 lectures on Water Supply. The Faculty of Arts employed during the year 4 part-time lecturers and a part-time master of method.

Thus the whole-time teaching staff employed in 1931 by the University in all its activities and grades did not exceed 30 persons. In addition to these, 17 persons who are not whole-time employees of the University taught during the year in the institution for a varying number of hours. The total number of persons who taught in the University during 1931 is 56.

The College of Arts and Sciences of the Lingnam University of Canton which aims at giving "a broad foundation for those who want a liberal education, before they go into such professions as law, journalism, political service and social service or the ministry" employs apparently about 60 whole-time teachers to teach 219 students, though the curriculum of the Arts and Sciences College does not include either an engineering or a medical course.

GRANTS AND OTHER SERVICES.

The Government grant of \$350,000 was repeated during 1931 and was also the special grant of \$25,000 towards the maintenance of the School of Chinese Studies.

A contribution of \$255,000 from the Boxer Indemnity was paid to the University on the 15th April, 1931. The whole of this contribution was invested in British Securities, half being invested in the 5% War Loan of 1929/47, and half in the 4% Government Funding Loan 1930/50. It was estimated on 1st

June, 1931, that the additional annual income from this investment would amount to \$265,700 but this estimate will have to be modified with reference to the exchange value of the dollar and the possible conversion of loans at a lower rate of interest.

In the course of the year under review the Vice-Chancellor was appointed by the Government of China a member of the Board of Trustees for the administration of the Indemnity Funds remitted by the British Government. The Vice-Chancellor has since resigned.

In the year 1931 the Hong Kong General Chamber of Commerce made a grant of \$10,000 and the Chinese Chamber of Commerce a grant of \$1,000.

The Asiatic Petroleum Co. (South China), Ltd., continued throughout the year their contribution of free fuel oil to the University Workshop and the Power House which serves as one of the laboratories of the Engineering Department.

The University is grateful to the Chambers of Commerce and the Asiatic Petroleum Co. (South China), Ltd.

The University is also grateful to Messrs. Deacons, the University's solicitors, to Messrs. Hansons, of Shanghai and to the Public Works Department of the Colony for services respectively rendered.

To Messrs. Butterfield & Swire, Messrs. John Swire & Sons, Ltd., Messrs. London and Messrs. Alfred Holt & Co. of Liverpool the special thanks of the University are due for the continuance of the grant of free passages to Britain for selected graduates of the University who are going there for the purposes of further study and training.

Since the close of the period under review two of the University's recent engineering graduates have been enabled by the generosity of these firms to avail themselves of the student apprenticeships offered to this University by Messrs. Metropolitan-Vickers Electrical Export Co. and Messrs. Norris, Henry and Gardner Ltd., Oil Engine Manufacturers of Patricroft, Manchester.

The University is under a great obligation to these two firms for the offer of these apprenticeships. The latter was arranged through the good offices of Mr. Stanley Dodwell of Messrs. Dodwell & Co., Ltd. of London.

It is hoped that these generous offers on the part of leading industrial firms in England will inaugurate an era of co-operation between British Engineering works and the Engineering Faculty of the University.

NEW APPOINTMENTS.

Dr. L. J. Davis, M.D., was appointed to the Chair of Pathology. He arrived on the 3rd December, 1931. Mr. N. H. France, M.A., was appointed to the Readership in History. He arrived on the 24th September, 1931. Rev. Father D. J. Finn, S.J., M.A., was appointed as a part-time lecturer in geography from the 16th September, 1931.

FINANCE.

1. General Endowment	\$387,093.75
2. Fees	151,988.00
3. Government Grant	350,000.00
4. Government Supplementary grant for Chinese School	25,000.00
5. Donations	11,000.00
6. Income from other sources	84,576.60
Total	\$1,010,558.00

The income from the General Endowment increased from \$250,000 in 1930 to \$387,093.75 in 1931. This was due to the fact that the Government of the Boxer Indemnity, \$255,000, was received in April 1931 and invested half in the 5% War Loan of 1929/47 and half in the British Government 4% Funding Loan 1930/50.

The total of the University sterling investments amounts to £200,834 and the total of the silver investments to \$3,047,318.19.

There has also been an increase of \$15,705 in fee receipts. This is due to the fact that the annual tuition fee was raised for new students from \$300 to \$400 from 1930.

DEATHS.

Sir Charles Eliot, the University's first Vice-Chancellor died at age on the 15th March, 1931. Dr. J. Anderson the University's first Professor of Medicine, died at Shanghai on the 28th March, 1931. Mr. Fung Ping Shan—a life member of the Court and a benefactor to the University, died on the 31st August, 1931. The Fung Ping Shan Library is now being erected in the University's grounds. Dr. J. Fenton who was formerly a Lecturer and Tutor in English in the University died in Hong Kong on the 26th August, 1931. Mr. Wong Kam Pak a member of the Court of the University died in November, 1931. Miss Leung Tai Hoh died in Canton on the 30th June, 1931. She was a medical student in the first year of her studies.

CEREMONIES.

The chief ceremony of the year was the opening on the 23rd September, 1931, by His Excellency the Governor, of the Tang Chi Ngong School of Chinese.

GROUNDS AND BUILDINGS.

During the last long vacation advantage was taken of the improved financial position to carry out a complete renovation of the University's main buildings. Another improvement effected was the substitution of the underground, for the overhead, system of lighting on the estate. Certain improvements were carried out in the lecture rooms of the English Department and in those of the Departments of Physiology and Anatomy. A reading room for engineering students has been provided in the Ho Tung Workshop.

THE UNION AND STUDENTS ACTIVITIES.

The Union with its various literary, athletic, and social organisations, continues to flourish.

During the year the Athletic Club of the Union organised and carried through without a hitch the first Inter-University Athletic Sport meeting which has probably been held in China. The students from the Lingnam and the Sun Yat-sen Universities, Canton, and the students of this University competed at this meeting, the Hong Kong team proving the winners.

In the course of the year under review the Education Society opened a Free Night School.

The conduct of the students throughout the year has been on the whole good. Political feeling in China has been running high, especially among the students, but the Hong Kong University undergraduates have shown in this respect the most commendable restraint, general balance and good sense.

STUDENTS' RESIDENCE.

At the end of 1931 there were 268 students residing in the University and attached hostels. Their distributions were as follows:

Eliot Hall	82
May Hall	61
Morrison Hall	41
St. John's Hall	51
Rice Hall	30
St. Stephen's Hall (women students)	14
Total	268

WOMEN STUDENTS.

When the University was first opened, women students were not admitted, though there was nothing in the Ordinance to justify this exclusion. Since September 1921—when women students were first admitted—the University authorities, partly because they were not, and indeed are not, in a position to provide a hostel of their own for women students and partly on other grounds, have not applied the provisions of Statute 20 to women. Residential accommodation has been provided by the Church Missionary Society and the scheme for a Women's Hostel to which reference was made in the last annual report, was a scheme for providing the present attached hostel for women. St. Stephen's Hall, which is accommodated in rented premises, with a building of its own. But it was the essence of the scheme that the new hostel should continue to be an attached hostel conducted on a distinctly Christian basis, the Warden being always a member of the Church Missionary Society.

It has never been made a condition of a woman's being admitted to the University that she must reside in St. Stephen's Hostel—all that she is required to do is to reside in the University authorities before they admit her, that she is living under suitable conditions. The present project is a most desirable one but even if it is a result (Continued on next column.)

COUNCIL MEETING.

BRITISH MATERIALS FOR SHING MUN DAM.

REVISED LIQUOR DUTIES.

At yesterday's meeting of the Legislative Council, The Hon. Mr. W. E. L. Shenton, asked:

1. Will Government when calling for tenders in connection with the construction of the Shing Mun Dam stipulate as far as possible, for British Empire materials?

2. Will Government when accepting tenders in connection with the construction of the Shing Mun Dam give preferential consideration to British Empire materials?

The answers by the Hon. Colonial Secretary were as follows:—
1. Subject to the concurrence of the Consulting Engineers the answer is in the affirmative.
2. Subject as above to the concurrence of the Consulting Engineers, other factors being approximately equal, preference will be given to British materials, but in the interests of the taxpayer no more far-reaching assurance can be given.

E.W.D. Development.

The Hon. Colonial Treasurer, in moving a resolution relative to certain recommendations by the Director of Public Works, which were published yesterday, said:—Honourable Members will recollect that on the 22nd October last H. E. the Governor, in concluding the debate on the Estimates which were framed on the basis of a shilling dollar, stated: "Should the dollar rise, the position will be more favourable and I hope in that event to explore after a few months the possibility of reinforcing certain maintenance votes and providing for additional extraordinary works."

The dollar has risen; the Treasury rates from January to June this year being from 1s. 4d. to 1s. 10d. The object of this resolution, therefore, is to give effect to His Excellency's promise by placing further funds at the disposal of the Public Works Department for the current year. The proposals were laid unofficially before the Finance Committee of this Council in April last, approved by them and have now been sanctioned by the Secretary of State.

Seconded by the Hon. Mr. Halliwell, the motion was carried.

Liquor Duties.

In connection with the motion by the Colonial Treasurer relative to Liquor Duties, full details of which were published yesterday, the Hon. Mr. Taylor said:—The only material change in the duties occurs in "Part IV Other Liquors" where the assessment is made in a more scientific manner—3 cents per gallon being charged for each one per cent of alcohol with a minimum charge of \$1.20 per gallon for Liquors containing 24 per cent and less of alcohol. The rate of duty on 100 per cent alcohol has therefore been halved from \$10.00 to \$5.00 per gallon as it was found that the old rate bore too heavily on cheap perfumes of the Florida Water type, which appears to have been a flourishing business prior to the new duties which came into force in September last.

Part II Chinese Type Liquor and Part III Japanese Type Liquor have been amended by altering the minimum percentage of alcohol from 25 per cent to 24 per cent to bring them into line with Part IV.

The motion was seconded by the Colonial Treasurer and carried.

Bills Passed.

The following bills passed through their final stages:—

"A Bill to amend the Merchant Shipping Ordinance, 1930."

"A Bill to amend further the Crown Solicitors Ordinance, 1912."

of it, St. Stephen's Hostel be provided with a spacious building, the residence of the women undergraduates of the University in it will have to continue to be a purely voluntary basis.

Under the University Ordinance no test of religion may be imposed and it seems obvious that it would be against the spirit of the Ordinance, that its letter, to make the residence of a woman undergraduate in an attached hostel, conducted by a missionary society on a distinctly Christian basis a condition of her admission to the University.

The question of the residence of women students is a complicated one. The University Council and Court will, as soon as possible, be called upon to consider the question and announce a policy. Meanwhile it is necessary that the present position of the University in this matter and its attitude towards the hostel scheme should be realised.

The object of the appeal was, and is, what is now called an attached hostel, but was called in Statute 20 an approved hostel, and not a hostel to be maintained and conducted by the University in the sense in which Lugard, Eliot and May Halls are so maintained and conducted.

FUNG MURDER CASE.

FURTHER EVIDENCE TAKEN.

GANG'S MOVEMENTS ON NIGHT OF MURDER.

The case in which Cheung Kwok Yau is charged with procuring the murder of George Fung, was continued at Central Magistracy yesterday when Tong Kam Fu, alias Ah To Nin, the master of the tailor shop at 17, Man Chung Fong, gave evidence.

Witness stated that in the first moon of this year Tsui Yam Chung and Ah Lau (accused's driver) visited him at his house at 28, Yiu Wah Street.

During the month of March he went to 17, Man Chung Fong about four times to visit Tsui and on one of these visits (March 20) he met Lau outside. He asked witness to wait for him while he went away. While witness was waiting he saw two men go into the house from the back door. Before they came in he heard police whistles outside. One of the men he recognised as Ah Wong (the man who is at present detained in Shanghai), while the other he could not recognise. As soon as they ran in they went out again by the front door. Witness saw Ah Wong go to the next house while the other boarded a tram and went away. While witness was standing outside, Tsui came along in a car and at the same time Ah Wong appeared from the next and together they went away in the car to witness' house.

Got \$250.

In reply to Mr. Lindsell, Assistant Attorney General, who prosecuted, witness stated that he received \$250.00 from Tsui about a month later.

After witness had finished his evidence Mr. Hall Britton, who appeared for the accused, asked leave to reserve his cross-examination, which was granted.

Cheung Ka Mau, principal tenant at 17, Man Chung Fong, stated that Tsui came to his place on March 9 and rented the rear cubicle the following day. Witness went with Tsui to a furniture shop in 289, Hennessy Road, and there rented some furniture for the cubicle.

Rented a Cubicle.

During the time Tsui rented the cubicle, four men visited the place, and as far as witness knew, Ah Wong, one of the men, was the only one who slept there for several nights. Witness said he knew the names of two men, Tsui and Wong but did not know the names of the other two, but could recognise them.

On the night of March 24, witness said Tsui and Ah To went into the rear cubicle and after about five minutes they came out again.

Shortly afterwards he went to visit a friend in the next house and there was shown a glove which he identified in court. (The glove is alleged to have been used by the murderer in holding the revolver to avoid finger prints.)

The hearing was adjourned till Monday afternoon.

CHAUFFEUR CASE FIXED.

Tsui Yam Chung, who gave sensational evidence in this case a few days ago, was brought before Mr. Wynne Jones yesterday on a separate charge of being in possession of an automatic revolver and three rounds of ammunition. Chief Detective Inspector Reynolds, who appeared for the police, in asking for a date to be fixed for the hearing, said that it would only require an afternoon to finish the case. His Worship accordingly fixed Thursday afternoon for the hearing.

THEFTS FROM SHIPS.

SEVERAL CASES REPORTED

Reports have been made to the police during the past two days of a series of thefts from the cabins of ships in Harbour.

Captain Douglas of the Empress of Japan reported that between June 24 and 26 someone stole from his cabin a .38 Smith and Wesson revolver. A .32 Webley revolver was stolen from the cabin of the Staff Captain during the same period.

Mr. A. J. Piggoth, chief officer of the s.s. Yau Shing, which is lying at Kowloon Docks, reported that between 4 a.m. on Tuesday and 7 a.m. on Wednesday, someone stole a Japanese wallet from his cabin. The wallet contained \$50 with a securing receipt on the Java Consolidated Langkat Rubber Estates, Limited.

Mr. J. Johnstone, of the same ship, reported that between 11 p.m. on Tuesday and 12.30 p.m. on Wednesday, someone stole from his cabin \$55 in Hong Kong money and a £1 note.

WALL STREET BROUGHT TO HONG KONG

Asia Lands Limited are glad to announce to Hong Kong investors that they have been appointed agents in Hong Kong for the American Oriental Finance Corporation (A.O.F.C.) of Shanghai.

This renders it possible to buy and sell shares in New York on the same day as the order is placed in Hong Kong.

The A.O.F.C.'s quotations appear in the local press daily, and further particulars will gladly be given.

Daily sheets and Weekly summaries will also be supplied to offices, gratis, on request.

NEW ADVERTISEMENTS

VICTORIA RECREATION CLUB

THE FIRST NIGHT FETE
Open to Members and their Friends ONLY, will take place on Saturday, 2nd July, 1932.
Commencing at 8.15 p.m. [2341]

NOTICE

THE American Consul General and the American Community in Hong Kong will be at home to friends on the FOURTH of JULY, at the American Club, from Noon to 1.00 p.m. [2340]

THE CHINESE ENGINEERING & MINING COMPANY, LTD.
(INCORPORATED IN THE UNITED KINGDOM).

5% FIRST MORTGAGE DEBENTURES (KAILAN BONDS)

PAYMENT of the HALF-YEARLY INTEREST due on the 1st JULY, 1932, will be made on Presentation of Coupon No. 40 at any of the undermentioned Banks, viz.:

HONGKONG AND SHANGHAI BANKING CORPORATION, CHARTERED BANK OF INDIA, AUSTRALIA AND CHINA

BANK OF CHINA, Ltd., Hong Kong

BANK OF COMMUNICATIONS, Ltd., Hong Kong

BANK OF INDIA, Ltd., Hong Kong

The Interest, less Income Tax at 5% in the 2, will be:

On £20 DEBENTURES: s. d.
Per Coupon (Gross) 12 0
Less Tax at 5% in the 2 3 0

Net Amount Payable 8 0

On £100 DEBENTURES: s. d.
Per Coupon (Gross) 23 0 0
Less Tax at 5% in the 2 15 0

Net Amount Payable 22 5 0

On £200 DEBENTURES: s. d.
Per Coupon (Gross) 215 0 0
Less Tax at 5% in the 2 15 0

Net Amount Payable 214 5 0

Payment will be made in Local Currency at the Demand Burying Rate of Exchange of the Day the Coupon is presented.

Due notice will be given when the old Talon may be exchanged for a new one with Coupons Nos. 41 to 50 attached.

By Order,
THE KAILAN MINING ADMINISTRATION,

E. J. NATHAN,
General Manager. [2343]

IN THE SUPREME COURT OF HONG KONG.

PROBATE JURISDICTION.

IN THE GOODS OF DAVID McKAY WHAMOND, LATE OF HANKOW IN THE REPUBLIC OF CHINA, DECEASED.

NOTICE IS HEREBY GIVEN that the Court has, by virtue of the Provisions of Section 58 of Ordinance No. 2 of 1897, made an order limiting the Time for Creditors and Others to send in their Claims against the above Estate to the 28th JULY, 1932.

All Creditors and Others are accordingly hereby required to send their Claims to the Undersigned on or before that date.

DEACONS,
Solicitors for the Executor,
1, Des Voeux Road, Central,

The Daily Press.

Hong Kong, July 1, 1932.

THE DESIGNER OF MODERN HONG KONG.

Two graceful and well-deserved tributes to the work of the Hon. Mr. H. T. CHERRY, C.B.E., were added by His Excellency the Officer Administering the Government, and the Senior Unofficial Member, Sir Henry Pollock, K.C., at yesterday's meeting of the Legislative Council, to the appreciations already expressed by the Chinese Community and colleagues at the Public Works Department. The signal honour paid to the Director of Public Works by the Chinese Community in entertaining him to a banquet at West Point, was particularly happy and significant.

Was not Mr. Cherry the man directly responsible for the water restrictions? He may have been, but the Chinese Community knew that in the Director of Public Works they had one of their best friends. On him fell the ultimate responsibility for the measures taken to combat that crisis. Everything possible was done this summer to see that all sections of the community got as fair a deal as possible, and the apportionment of time of supply to street fountains and metered houses, respectively, was done with great fairness.

Mr. CHERRY will fill an important place in any history of modern Hong Kong that comes to be written. H.E. the Hon. Mr. W. T. SOOTHAM reminded the Council with characteristic felicity of expression that:

"It comes as a shock to a newcomer who sees the stream of cars on Stubbs Road to realise that there was no motor road to the Peak when Mr. Cherry arrived, and no direct motor road via Wong Nei Chong to Repulse Bay. These roads have become a part of our daily life, and we can hardly picture the Colony without them. Wherever one turns there is evidence of the material progress to which Mr. CHERRY has contributed. Kowloon has grown from a small town into a large city and is still growing. Wanchai, communication has developed almost beyond belief, while on the less spectacular side of his work much

progress has been made in the enforcement of better building construction; especially in the matter of tenement houses."

A new Hong Kong has sprung up in the last nine years. A Hong Kong of wide roads, of motor traction, and of ferro-concrete buildings. The old buildings varied between the pleasant mansions of traditional colonial style and the murky huddle of Chinese tenements under the Wanchai Hills and west of Pedder Street. What a fine contrast with the latter are the wide thoroughfares and the airy tenements, with cement floors and staircases, on the New Reclamation! It has been under Mr. CHERRY's direction that Hong Kong has started, and made great strides with the process of modernisation, while Kowloon has sprung up almost entirely during his régime. It is easy to say that Government architecture, engineering and supervision of architecture are all matters of routine that go on much the same whoever happens to be at the top. And, after all, a man doesn't get to the top unless he is some use! How felicitous an argument! Army strategy follows well-trodden roads and yet one general achieves victories where another suffers defeat. And how many ways are there besides the possession of solid qualities that get one to the top? It would no doubt be easy to review with a critical eye many decisions taken by the P.W.D. over any period of the Colony's history. The last nine years have been a time of unexampled difficulty with the claims of progress and economy perpetually at war. Any fair-minded man would agree, however, that taken as a whole, this renovation of the Colony has been well and judiciously guided. The tributes to Hong Kong paid by distinguished visitors of every race and every achievement are to no small extent tributes to Mr. CHERRY and his staff.

The Director of Public Works has been genuinely popular with all circles; a difficult task for an efficient man and a strict man. With regard to his relations with ourselves, for example, it cannot be said that Mr. CHERRY was, in the matter of the last water crisis entirely helpful. But what was always to be found at the Public Works Department was not merely courtesy, but an easy friendliness, especially, perhaps, after a fruitless effort to get information out of a friendly but evasive water engineer, and evoked a certain mild sarcasm at the expense of the secrecy observed by the Department. We believe that to trust the public and to give all possible information to responsible newspapers is the wise policy in a crisis, but in this instance there were doubtless good reasons for caution.

Hong Kong loses Mr. and Mrs. CHERRY with real regret. We all know that wherever they settle they will be happy because, in their own way, without ostentation or self-seeking, they will be useful and well-liked.

ROBBERY SEQUEL.

At the Central Police Court yesterday, So Hing and his wife, Lum Chuen, were charged with receiving part of the property stolen in the robbery at 23, Lee Yuen Street West, first floor, on June 14. A charge of armed robbery against the male defendant was withdrawn and the police indicated that they were asking for a commitment to the Sessions.

In outlining the case, Inspector John Murphy said that there were two women occupants in the house at the time of the robbery. Previously a man had called to rent a cubicle, and on his second visit a gang of six men rushed into the floor. The women were bound and gagged and about \$800 in money and property was stolen.

The discovery of certain stolen property in Wanchai pawnshops led the police to the floor occupied by the defendants where further articles were found and identified as part of the stolen property.

Evidence was then heard and the case was adjourned.

HUSBAND AND WIFE CHARGED.

At the Central Police Court yesterday, So Hing and his wife, Lum Chuen, were charged with receiving part of the property stolen in the robbery at 23, Lee Yuen Street West, first floor, on June 14.

A charge of armed robbery against the male defendant was withdrawn and the police indicated that they were asking for a commitment to the Sessions.

In outlining the case, Inspector John Murphy said that there were two women occupants in the house at the time of the robbery. Previously a man had called to rent a cubicle, and on his second visit a gang of six men rushed into the floor. The women were bound and gagged and about \$800 in money and property was stolen.

The discovery of certain stolen property in Wanchai pawnshops led the police to the floor occupied by the defendants where further articles were found and identified as part of the stolen property.

Evidence was then heard and the case was adjourned.

Tale of the Day.

The delinquent was up before the Magistrate on a charge of theft. "I see," said his worship, in tones of great deliberation, "that besides stealing £100 in cash, you also stole a quantity of jewellery."

"Yes, sir, I realized that money alone doesn't bring happiness," was the suave answer.

Women and the Treasury.

The necessity for the retention in her post of the Hon. Dame Maude Lawrence, Director of Women's Establishments at the Treasury, until the age of 60, has aroused criticism among women Civil Servants, of whom there are 80,000.

Retention after 65 in the Civil Service is very rare; up to 60 it is unprecedented. Dame Maude Lawrence is now 63.

It is declared that if there were a proper women's staff at the Treasury a success would be found for the present Director. The Treasury has only two women on its total establishment staff, and stress is laid by women Civil Servants on the fact that it has not recruited a single woman from the examinations for the Administrative Class, though women have been distributed freely among all the other great departments of State.

The Treasury, which rules the Civil Service, is charged with being hostile to the claims of women, and as setting a bad example to the other departments.

Women in the Civil Service are also troubled about the lack of representation on the Civil Service Commission, on which no woman occupies a position of responsibility.

3d. a Week Fee for Hospitals.

London's hospitals are keeping pace with changing conditions. Gradually they are all coming into line and inviting those who take advantage of their services to make a contribution to their cost.

Guy's Hospital, St. Thomas' street, Borough, S.E., has instituted a tariff for services to outpatients.

"Guy's," said a hospital authority, "is one of the last to fall into line in this respect, probably because it is better endowed than some of the others. It is now the general practice of hospitals to ask patients for a contribution commensurate with their means, but any person who cannot pay receives exactly the same treatment and consideration as those who can."

The inauguration some years ago of the Hospitals Savings Association has done much to ease the financial situation in London. This organisation looks after the hospitals' needs of the working classes in return for a contribution of 3d. a week. There are about 1,000,000 contributors.

"Some idea of the work performed in the out-patient departments of London hospitals, and of its increase in recent years is given by the following figures.

The Hong Kong dollar rose 1/4th yesterday and was quoted at 15 3/4.

Next Tuesday's meeting of the Rotary Club will be for members only, and the affairs of the Club will be discussed.

The American Consul-General and the American community will be at home to friends on July 4, at the American Club, from noon to 1.30 p.m.

Judgment was given yesterday by the Puisse Judge (Mr. Justice Wood) in favour of the Yai Shing Co., printers, who claimed \$300 from the China Merchants Land Investment and Construction Co., Ltd.

During a fight at the Shamshui Market on Wednesday, Lo Tin, aged 32, of Ching Yi Island, received a cut on the head, said to have been inflicted with a butcher's knife. His alleged assailant has been detained.

Mr. J. D. Butcher, manager of the Hong Kong Electric Company, in a letter to the police, has reported that six copper covers have been stolen from lamp standards in Magazine Gap Road. Each cover is valued at \$10.

When charged with stealing a pair of trousers, a Chinese who appeared before Mr. Fraser at Kowloon Magistrate's court, amused him by keeping up a running commentary on the evidence of the complainant. When the defendant himself went into the box he burst into tears and kept on referring to a sick mother in the country. Defendant was sentenced to fourteen days' hard labour on the charge, and was fined \$10 or fourteen days for causing a disturbance in Court, the sentences to be consecutive.

The sixth Synchronic Concert which is to take place on Sunday, at the Peninsula Hotel, promises to be very attractive. The whole composition of the programme is very popular, and the special attraction will be one of London's most popular singers, Mrs. D. Blair, L.R.A.M., the fortunate possessor of a delightful soprano voice of remarkable range and purity. Mrs. Blair will be accompanied at the piano by Mr. F. Mason, A.R.O.M., and the concert should not be missed.

A Chinese, who was found wandering in the woods in Queen's Road West, caused much excitement on Wednesday. His sanity was suspected and he was removed to the Government Civil Hospital for examination, where he was certified as insane. He is now in the Mental Hospital.

Messrs. A. S. Watson & Co., Ltd., advertise that to-day, all departments will be closed. The Hong Kong Dispensary, Dispensing Department, will be opened for dispensing prescriptions from 10 a.m. to 1 p.m. and from 6 p.m. to 7.30 p.m. To-morrow, all departments will be open as usual.

In a report to the police, Mr. A. Dransfield, time-keeper of the Tai Koo Sugar Refinery, mentioned that one of the workmen, Lo Wing-chuen, aged 55, who was engaged as a fitter, had his arm torn off up to the elbow whilst working on a machine at the refinery. His condition is regarded as serious.

Sham Shan, a shopkeeper of 2 Fat Hing Street, ground floor, has reported to the police that some time between 1 a.m. and 2 a.m. on Wednesday some person entered his premises by breaking the cross bar and opening the door. Silks to the value of \$324 were stolen.

"I will not allow you to take notes from boys so young," said Mr. Justice Wood to Jossu Singh at the Summary Court yesterday when the latter appeared as plaintiff against Ling Shing Fong and his guarantor, both under 21 years of age. The defendants consented to judgment on a claim of \$35 and his Lordship directed that the money be returned to Jossu Singh at the rate of one dollar per annum.

Detective Sergeant C. Mottram said the police had seen the defendant's brother who had sent him away in 1928, but he now refused to give him any further assistance. Bail had been put up by a fellow-villager, but this man also refused to assist the defendant back to India.

The police asked for the imposition of imprisonment without the option of a fine as defendant had flagrantly returned to the Colony knowing that he should not.

When the magistrate pointed out to the defendant that he knew perfectly well he was not wanted by his own brother or anybody else, defendant replied that he had not been told by the police that he was not to return.

His Worship pointed out again that in the permit issued when defendant was sent away from the Colony there was the remark that his return was undesirable.

Defendant was sentenced to six weeks' hard labour and ordered to be deported at the end of the term.

★ News and Views ★

British Exhibition in Denmark.

More applications for space than it is possible to accommodate have been received for the All-British Exhibition in Copenhagen next September, states the Federation of British Industries, which is representing on this side the British Import Union of Denmark.

Notwithstanding currency restrictions, the import figures for British goods in the first three months of this year have increased considerably. British imports into Denmark are nearly 4,000,000 krona (£220,000) above the figures for the same period last year.

This increase is all the more striking in view of the fact that the total imports into Denmark show a considerable decrease. The Federation believe that firms taking part in the Exhibition will reap the full benefit of their enterprise when the present restrictions are removed.

Moving Gate Start for Horse Races.

The London Daily Express understands that a new moving starting gate for horse races is to be demonstrated to owners, trainers, and jockeys in London.

It is claimed that the new gate will prevent the numerous bad starts which are the cause of so much trouble and delay at race meetings.

The principal feature of the gate is that it moves at a walking pace immediately before the race.

Horses are known to follow a moving object readily and a walking start, would, it is believed, ensure a perfect beginning of the race.

Great secrecy is maintained regarding the working of the gate which is the invention of Mr. W. R. Dalton. It has never yet been used or demonstrated in any country.

Circumstantial Evidence.

A strange story comes from the village of Beeby, near Brusa.

When the stocks returned this year, the same, or apparently the same, pair came to their old nest on the house of one Mehmet Effendi, and until a few days ago all went well with them. Then came tragedy.

The pair were seen to return together to the nest from a foraging expedition, whereupon a fierce altercation took place. The male was apparently remonstrating with his spouse, and she stoutly defending herself. After some minutes the male flew away, and having collected all the other stocks from the village returned with them to the nest, which they all examined. Then, leaving the female behind, they flew into the air and circled overhead, engaged in a lively discussion. At the end of half an hour the male and two other

storks, detaching themselves from the rest, returned to the nest and solemnly killed the female. This sad task performed, the male was seen to carry one of the young from the nest and deposit it gently on the ground. Imagine the astonishment of the onlookers when they saw that the young bird left on the ground was not a stork, but a turkey. The dead female had been convicted of infidelity and had paid the penalty.

The whole village was in a state of excitement, and it was some hours before an explanation of the tragedy which they had witnessed was forthcoming. It was this. A small boy had climbed up to the nest just after the stork had laid her eggs, and had substituted a turkey's egg for one of them. In due course the eggs were hatched, but at first Father Stork detected nothing wrong. Then, returning one day to the nest, he suddenly realised that one of the young was no offspring of his, with the result here related.

Considering the amount of trouble storks have brought to humans it is about time one of them got it in the neck.

The Cambridge Climbers.

One night last month Cambridge undergraduates climbed the two pinnacles on the west end of King's College Chapel and adorned them with umbrellas. This extremely difficult feat involved climbing 30ft. to the roof up the face of the wall and then another 30ft. to the top of the pinnacles. In the morning the college authorities made desperate efforts to remove the decorations, a window cleaner was sent for but his longest ladder was too short. Finally two undergraduates with sporting guns were sent up and succeeded in shooting the umbrellas down.

Ottawa.

The British delegation for Ottawa is at last complete. Its personnel comprises the following:

Cabinet Ministers 8
Cabinet Ministers (discretionary) 2
Cabinet Ministers (neutral) 3
Advisers: Business 16
Advisers: Economic 1
Interpreters 19
Private Secretaries 14
Secretaries to Private Secretaries 14
Shorthand Typists 342
Hairdressers, Manicurists, etc. 23
String Orchestra 5
Poet Laureate 1

The party will go over on a battle cruiser, escorted by twenty-four submarines and the Tanet and St. Ives lifeboats.

MORE TROUBLE AT LAUSANNE

FRANCE REJECTS GERMANY'S OFFER

AMERICAN WAR DEBTS: SAFEGUARDING CLAUSE DEMANDED

[THROUGH REUTER'S AGENCY.]

LAUSANNE, June 30.

ANOTHER FRESH SOURCE OF TROUBLE AROSE DURING A MEETING OF THE BUREAU OF THE CONFERENCE THIS MORNING IN REGARD TO GERMANY'S CONTRIBUTION TO THE EUROPEAN RESTORATION FUND.

GERMANY OFFERED TWO MILLIARD OF MARKS, AND FRANCE INSISTS ON SEVEN MILLIARDS.

THE GERMAN DELEGATION ARE NOW DISCUSSING THIS POINT.

IT IS ALSO REVEALED THAT BRITAIN JOINED FRANCE IN DEMANDING A SAFEGUARDING CLAUSE IN REGARD TO AMERICAN WAR DEBTS.

LATER.

AFTER THIS MORNING'S DISCUSSION THE GERMANS POLITELY TURNED DOWN THE SIX MILLIARDS (REDUCED FROM SEVEN MILLIARDS) DEMAND AND ALSO THE SAFEGUARDING REQUEST.

THE CONFERENCE WILL BE RESUMED THIS AFTERNOON.

FRANCO-GERMAN AGREEMENT HOPED FOR

[REUTER AND BRITISH WIRELESS.]

LAUSANNE, June 30.

AN optimistic tendency has set in as a result of an agreement in principle, which was tentatively reached after a night meeting of the Conference Bureau and which is hoped to bridge the gulf in the Franco-German theories. The Germans have not rejected the idea of a commuted sum, but insist that it will be a contribution to the general European rehabilitation fund.

LAUSANNE, June 30.

To-day it was reported widely that in response to urgent appeals by Mr. Ramsey MacDonald, Herr Von Papen had accepted the principle of making a final payment in lieu of reparations, but only when normal conditions are restored in Germany.

Within a few minutes of information that the report was in circulation, official German quarters totally denied that Herr Von Papen had agreed to any such proposal.

Mr. MacDonald is cheerful and declares that everything is going all right. M. Herriot is also cheerful. He said he had always been an optimist. Asked whether the Conference would continue, another French delegate declared: "It will continue more than ever."

Von Papen and French Reports.

RUSS, June 29.

Important developments occurred to-day in the Reparations Conference at Lausanne when the critical phase in its proceedings was turned, largely owing to the intervention of the British Prime Minister, Mr. Ramsey MacDonald.

The publication by the German Chancellor, Herr Von Papen of a statement ranging over the long conversations which took place yesterday between the delegates of France, Germany and Britain suggested that the conference was on the verge of breakdown. These fears were allayed after a further meeting held this evening, at which the six inviting Powers proceeded to make arrangements for the completion of the work of the conference.

Cloud Cast.

At the conclusion of yesterday's meeting, a communiqué was issued that the President, Mr. Ramsey MacDonald would today report on the position arising from the Franco-German conversations to the six inviting Powers.

The cloud was cast over the conference, however, when this morning Von Papen's outline of Tuesday's conversations was published to correct what it was stated were misleading reports in the French Press.

German Attitude.

In the course of the Von Papen announcement, it was stated that Mr. MacDonald asked the German Chancellor whether he could bring about a final solution.

The German Chancellor, it is stated, replied as follows: "The confidence of the world can only be restored if the victorious Powers could decide to remove the dis-

criminations contained in the Treaty of Versailles. If, in this manner, German equality and security were re-established, the German Chancellor could envisage the possibility of Germany participating in a general effort towards the reconstruction of world trade in the form of a contribution which pre-supposes, however, the re-establishment of the economic balance in Germany."

Many Rumours.

The publication of this document created lively interest in Lausanne and gave rise to many unfavourable rumours. Herr Von Papen and M. Herriot had a further conversation during the morning and in the afternoon Mr. MacDonald met them in a further attempt at mediation. Signor Grandi also attended.

Later the four statesmen left the Beau Rivage Hotel and strolled along the lake side to Chateau d'Ouchy where they were joined by the delegates of Japan and Belgium.

Two Committees.

At the meeting of these six inviting Powers, which followed, general consent was secured to the setting up of a committee of thirteen members, over which Mr. MacDonald will preside, to draw up a plan for the settlement of reparations.

A second committee, including the Ministers of Commerce, is also to be formed to study the economic crisis and the present tendencies in world trade.

It is understood that the leaders of the delegations will be for a while, absent from Lausanne. Mr. MacDonald is returning London to confer with his Cabinet colleagues who are going to the Ottawa Conference.

Herr Von Papen is returning to Berlin and M. Herriot to Paris.

New Angles.

The Executive Committee (dealing with reparations) and the Commercial Committee established will immediately set to work, but no announcement has been made that the questions of principle have been resolved.

Apparently it is proposed to attack the problem from other angles if this is true it has not affected the feeling of confidence in British circles.

M. Herriot is leaving for Paris on Friday night and will return to Lausanne whenever it becomes necessary.

The Executive Committee will consist of one delegate from each of the inviting Powers. It will examine the problem of reparations, draw up plans for completing the work of the conference and extend the bases of the present conversations.

The Commercial Committee will study world economic problems to prepare the ground for the big world economic conference to be held in the autumn. It will not take decision but will submit recommendations.

Commons to-day the Government's intention to introduce a Bill next week empowering the Government to collect the sum of £1,000,000 representing land annuities debt, being withheld by the Irish Free State, by a duty on Irish goods imported into Britain.

It is anticipated that the Bill will provide general powers to deal with the situation as it develops and will be passed in all its stages without delay as an emergency measure.

BANK OF ENGLAND DISCOUNT RATE

LOWERED TO 2 PER CENT.

[THROUGH REUTER'S AGENCY.]

LONDON, June 30.

THE Bank of England discount rate has been lowered to 2 per cent.

GERMAN PAPERS SUSPENDED

SEQUEL TO ATTACK ON HERR VON PAPEN

(Reuter's Special Service.)

BERLIN, June 30.

THE Reich has thrown down the gauntlet to the two largest opposition parties by requesting the Prussian Minister of the Interior to suppress the Catholic and Socialist newspapers for five days each. The Volks Zeitung was guilty of attacking Herr Von Papen and the Vorwärts published a cartoon ridiculing the Reich Government.

"DANGEROUS KILLER" ARRESTED

DESCRIBED AS KIDNAPPER OF LINDBERGH BABY

(Reuter's Special Service.)

NEW YORK, June 30.

THE arrest of Norman Whitaker, described as a "dangerous killer" and the actual kidnapper of the Lindbergh baby ends the phase in the case involving the payment of \$104,000 ransom for returning the baby to its parents. Gaston Means, who introduced him to McLean, has already been sentenced to prison.

THE PRINCE OF WALES

SUFFERING FROM A CHILL

[THROUGH REUTER'S AGENCY.]

LONDON, June 30.

THE Prince of Wales, who is suffering from a chill, was unable to attend the farewell dinner to the Ottawa Conference delegates in London to-night. The Prince's condition is not considered to be serious.

THE NAPIER WILL CASE

WIDOW TO RECEIVE ALLOWANCE

(Reuter's Special Service.)

LONDON, June 29.

THE enormous legal expenses which would certainly have been incurred in the Napier Will dispute action in the Probate Court, had it been fought to the bitter end, have been considerably curtailed by an unexpected announcement that the case has been settled by agreement.

The amount at stake was over £1,250,000, left by the automobile expert, the late Mr. M. S. Napier, to Mrs. Fryer under a will dated 1923. The widow, Mrs. Napier, claimed on behalf of herself and four children, that the 1923 will was obtained by undue influence and asked for the 1913 will to be granted probate.

It was stated that Mr. Napier had lived with Mrs. Fryer from 1915 to his death. She was the sole beneficiary under the 1923 will.

To-day it was announced that Mrs. Fryer had agreed to allow Mr. Napier's wife the sum of £20,000 and £2,000 per annum. Mrs. Napier agreeing to withdraw the reflections upon her husband's testamentary capacity.

SUNDAY CINEMAS

BILL PASSES THIRD READING

[THROUGH REUTER AND BRITISH WIRELESS.]

LONDON, June 29.

THE third reading of the Sunday Cinemas Bill, permitting local authorities to reach their own decisions regarding the opening of cinemas and so on, was passed in the House of Commons by 145 votes to 85 to-night.

During the debate, a new clause was moved on behalf of the Government providing that five per cent. of the sum earmarked for charity out of the profits of Sunday performances should be transferred to a Cinematograph Fund to be established under the direction of the Privy Council for the purpose of encouraging the use and development of cinematograph as a means of entertainment and instruction.

JAPANESE GOODS IN INDIA

IMPOSITION OF ADDITIONAL DUTIES URGED

[THROUGH REUTER'S AGENCY.]

BOMBAY, June 30.

THE immediate imposition of additional duties on Japanese goods, equivalent to the difference between the normal and the present parity of exchange was urged by the Chairman of the Mill-Owners' Association, Bombay, in a telegram to the Commerce Member of the Indian Government, consequent to the "continued alarming depreciation" in the Japanese yen.

He pointed out that the yen was greatly below the parity existing when Japan and India were on the gold standard and thus created a serious menace which was an enormous advantage to Japanese exporters, resulting in Japanese yarn and piecegoods being sold on Indian markets at ruinous rates. He also emphasised that the situation is likely to become worse owing to the large orders looked forward delivery and that the industry cannot afford to wait until the Tariff Board reports on the matter.

OBITUARY

EARL OF DUDLEY

(Reuter's Special Service.)

LONDON, June 30.

THE Earl of Dudley to-day died in London after a week's illness.

He married, as his second wife, Gertrude Miller, a former favourite revue artiste. His heir is Viscount Edmon, whose wife was killed in an air crash at Meopham, Kent, in 1930, with Lord Dufferin and Mrs. Loeffer.

MISSING SHANGHAI RUSSIAN

MYSTERY MORE CONFUSED THAN EVER

[THROUGH REUTER'S AGENCY.]

SHANGHAI, June 30.

THE Gladkikh mystery is becoming more confused than ever. French officials emphatically state that the evidence adduced so far does not prove that the missing Russian proof-reader died of violence or that he is dead at all.

The officials of the Chinese Bureau of Public Safety at present are denying that Gladkikh was ever imprisoned, declaring that his name does not appear on any list in the court records throughout the month of June.

The Chinese police suggest that Gladkikh has been confused with another Russian, who died in gaol of illness on June 19.

M. Premet, the lawyer who is interesting himself prominently in the case, yesterday wrote to the French Consular Court declaring that Gladkikh was sentenced to seven days imprisonment on June 17 and should have been set free on June 24.

Stick on Arrival. According to the three Russians who gave evidence of occurrences in the gaol, Gladkikh was sick on his arrival in gaol and while the Chin-

JAPAN'S FINANCIAL CRISIS

TWO IMPORTANT BILLS APPROVED

[THROUGH REUTER'S AGENCY.]

TOKYO, June 30.

TWO important financial bills were approved at the recent Diet Session on July 1 a law for the prevention of flight of capital, virtually entailing the Government's control of exchange, and secondly, a Convertible Bank Note Law expanding the maximum fiduciary issue of the Bank of Japan from the present Yen 120,000,000 to Yen 1,000,000,000.

MANCHURIA POSTAL SERVICE

THREATENED SEIZURE BY MANCHUKUO

[THROUGH REUTER'S AGENCY.]

SHANGHAI, June 30.

THE National Government is determined to employ every means in their power to prevent the threatened seizure of the Postal Administration in Manchuria by the Manchukuo Government. The Ministry of Communications, Nanking, has addressed a memorandum to the International Postal Union at Geneva, informing them of the announced intention of the Manchukuo Government to seize the postal administration on July 1.

Blockade Intended.

The Ministry of Communications, after detailing the facts of the situation, declares the Chinese Government's determination to blockade any postal services set up by the Manchukuo authorities in the event of the threat of seizure being carried out.

The blockade will be made effective by means of the suspension of all remittance and mail services between China Proper and Manchuria, while all outgoing mails destined for Europe will be despatched by boat, instead of via Siberia, which necessitates passing through Harbin.

It is estimated that there are 370 branch post offices in Manchuria, in addition to the three main General Post Office establishments.

DEMOCRATIC PARTY SENSATION

CLEAN BREAK WITH PROHIBITION

[THROUGH REUTER'S AGENCY.]

CHICAGO, June 29.

A SENSATION has been created by an unexpected turn of events at the Democratic Convention at Chicago, which has been committed to a policy of Prohibition Repeal.

The decision was reached to-day by the Platform Committee of the Convention, the voting being 35 in favour of adopting a straight Roper plank and eighteen against.

The decision was most unexpected as it was generally supposed that the Committee, which is practically controlled by Mr. Franklin Roosevelt, the Governor of New York State, and the favourite for the Presidential nomination, was planning to avoid definitely committing the Party to repeal.

The second plank adopted by the Committee is a declaration against the cancellation of war debts.

This decision was, of course, very much expected as any other policy would undoubtedly injure the Party's prospects among the farming fraternities of the Middle West.

COMMUNAL RIOTS

TWO KILLED AND 90 INJURED

[THROUGH REUTER'S AGENCY.]

BOMBAY, June 29.

TWO persons were killed and ninety injured in grave rioting between Hindus and Muslims in North Bombay to-day. The police were compelled to open fire on the maddened crowds on four occasions.

one authorities were going through the formalities necessary for his release, he died of dysentery and was buried at Pootung. The Russian asserted that no doctor was called to attend to him. If the burial-place of the body is found, it will be exhumed by the French authorities in an effort to establish the cause of death.

MANCHURIA CUSTOMS

MANCHULI STATION SEIZED BY JAPS.

[THROUGH REUTER'S AGENCY.]

SHANGHAI, June 30.

THE officer in charge of the Chinese Customs at Manchuli has reported here that he is unable to meet in touch with Harbin, his immediate head office, and that his office has been surrounded by Japanese police and seized, and that immediate evacuation by the Customs staff is necessary.

Harbin Offices Closed.

HARBIN, June 30.

The main offices of the Customs are not functioning; the River Customs, however, continues to operate but on a disjointed scale as the majority of the staff refuse to work for their would-be masters, the Japanese military police who are "guarding" the Customs offices. Certain members of the staff have withdrawn, it is alleged, on the request of the Consular Body, but the Manchukuo police remain.

Japan Hospital.

TOKYO, June 30.

Although still hopeful of ultimate success in reaching an amicable settlement regarding the Customs question, official quarters intimate that both Nanking and Manchukuo are opposed to the suggested compromise. Nanking definitely refuses, *inter alia*, to consider the realistic statement of Mr. Fukumoto, as it will be recalled Nanking similarly refused to reinstate the late Sir Francis Aglen.

VIOLET SHARPE'S SUICIDE

BRITISH ENQUIRY IN AMERICA.

(Reuter's Special Service.)

LONDON, June 29.

THE American police have been exasperated on the charge of brutal third-degree methods in connection with the death of Miss Violet Sharpe, the British nursemaid who committed suicide after a police examination in regard to the Lindbergh baby kidnapping outrage.

The Under-Secretary of State for Foreign Affairs, Sir Anthony Eden, told the House of Commons to-day that the British Consul-General in New York, after a careful examination, was convinced that Miss Sharpe was not interrogated under conditions of severe physical strain. There was, therefore, no ground for official British representations to Washington.

19th ARMY LEADERS

GREAT WELCOME AT CANTON

IMPORTANT MILITARY CONFERENCE

(From Our Own Correspondent.)

CANTON, June 29.

GENERAL Tsi Ting Kai, Commander of the 19th Route Army, arrived in Canton by train this morning for a conference with General Chen Tai Tong and other officials of the Canton Government. General Chiang Kwong Nai, Chief Director of the 10th Route Army, who has been convalescing in Hong Kong, also came up with General Tsi. The two leaders of the 19th Route Army expect to spend only a few days in Canton. General Tsi is leaving shortly for Fukien to direct operations against the Communists and bandits there, while General Chiang will go back to Hong Kong to rest.

CELEBRATIONS

Canton was jubilant all day to-day, letting off firecrackers to welcome the war heroes. Every shop and house was decorated with national and Kuomintang flags. The railway station was crowded and from General Chen Tsi Tong downwards, representatives of practically every public organisation and people of other walks of life, were waiting to greet the two Generals. Scores of automobiles, carrying banners of welcome paraded through the streets, setting off firecrackers as they went. The playing of the military band and the guard of honour at the railway station and elsewhere after the arrival of Generals Tsi and Chiang added further colour to the occasion. Several *pullans* were erected in the principal thoroughfares of the city.

General Tsi and his comrades made a tour of the city in automobiles immediately after their arrival. The thoroughfares through which the party went were lined with picked troops of the 19th Route Army, who were there not only to prevent anything untoward from happening but also to show the general public the indomitable fighting spirit of the 19th Route Army. Thousands of people stood on both sides of the road to get a glimpse of the returning war heroes.

BANQUETS

Tonight General Tsi and General Chiang will be the guests of honour at an elaborate banquet given by General Chen Tsi Tong at Government House. The various merchant guilds in the city are also inviting them to similar banquets.

CONFERENCES

General Li Tsung Jen, Commander of the 4th Army Corps, arrived in Canton from Wu Chow early yesterday morning, knowing that General Tsi Ting Kai was coming here. Previous military manoeuvres similar to those for General Tsi were adopted to insure the safety of General Li while on his way to the Military Headquarters from Shek. (Continued on Previous Column.)

VOLLEY BALL.

STUDENTS' LEAGUE CONCLUDED.

KING'S COLLEGE ESTABLISH RECORD.

[By "SMASHER."]

The Annual Volley Ball Students' League has been concluded. In the Senior Division, in which seven teams took part, King's College emerged victorious for the third year in succession, thus establishing a new record for the competition. They are to be congratulated on their fine performance. The Vernacular Middle School made a great bid for honours, losing to the champions by the odd game in five. In their successful progress, King's College met and beat the following:

Ying Wah College 3-0 games.
Sai Nam College 3-0
Wah Nam College 3-0
Queen's College 3-0
Chung Nam College 3-0
Vernacular M.S. 3-2

"During the season, the following turned up for King's College: S. W. Chan, P. T. Li, P. H. Lau, P. D. Lau, K. M. Li (Captain), T. Y. Lau, K. M. Yuen, K. K. Li and R. S. Fung. The last named has played for Hong Kong in interport volley ball matches. The team has entered for the Open Championship, which will begin shortly.

Other Divisions.

St. Paul's College secured the Championship for the Junior and Third Divisions, while King's College were runners-up in both.

LAWN BOWLS OPEN SINGLES.

FURTHER DATES FIXED.

The Sub-Committee of the Hong Kong Lawn Bowls Association have arranged further dates and ties in the open singles championship as follows:

Monday, July 11.

(Crabgrass ground).
J. J. Gregory v. Hyde Lay; J. Fraser v. P. E. Knight.

Tuesday, July 12.

(Kowloon C.O. ground).
U. M. Omar v. M. Holland; L. (Continued on next column.)

BADMINTON.

D. HAZELL AND S. A. GRAY GIVE EXHIBITION.

INTERESTING EVENT AT RADIO SPORTS CLUB.

[By "SMASHER."]

A very interesting event took place at the Radio Sports Club yesterday afternoon when D. Hazell and S. A. Gray, well-known on the tennis courts, gave an exhibition of badminton, which proved to be much appreciated by the large number of members present. With a view to encouraging the game locally, the Outdoor Sports Equipment Co., of Gloucester Avenue, have presented two sets, and a number of rackets, and shuttlecocks to the Radio Sports Club.

Judging by the keenness shown in the exhibition, it seems that badminton has made a spontaneous appeal to the members of this club.

Mr. Hazell explained the finer points of the game to those present yesterday.

U.S. BASEBALL

WEDNESDAY'S RESULTS

[THROUGH REUTER'S AGENCY.]

New York, June 30.
HACK WILSON scored his 15th home run of the season today when Brooklyn shut-out Philadelphia Phillies in a vital game. Averill, the big-hitter of the Cleveland Indians, obtained a four-bagger against Detroit. Results:

National League.

Philadelphia 0 Brooklyn 7
Cincinnati 9 St. Louis 10

American League.

New York 6 Washington 5
Cleveland 4 Detroit 13
St. Louis 8 Chicago 1

The American League matches played on June 29 which were interrupted, resulted as follows:

Boston 3 Detroit 6
Philadelphia 4 Chicago 3

A. Gutierrez v. R. H. E. Marks.
Wednesday, July 13.
(Recrudo ground).
F. Goodwin v. M. Mair; R. F. Luz v. Dr. R. A. C. Basto.

Thursday, July 14.
(Police ground).
W. E. B. Muskett v. W. Ward.
(K.B.G.C. ground).
W. McLeod v. J. J. Basto.

TENNIS LEAGUE.

I.R.C. "A" BEATEN.

CHINESE SCORE OVER OLD RIVALS.

[By "SMASHER."]

Playing with all their might in an attempt to regain their position as Champion Club, which they last held as far back as 1928, the Chinese Recreation Club beat the Indian Recreation Club yesterday in a spectacular match in the "A" Division. The result, 7 sets to 2 in their favour, gives an indication of their strength this year, and although they have yet a few matches to play, the fact that they have beaten last year's holders places them in the position of hot favourites for the shield.

The Indians started their season disastrously, having lost in the two divisions that they won in 1930 and 1931. Yesterday two of the three pairs did not register a set, and only H. D. and S. A. Ramjahn scored, but even they fell before Ho Ku Lau and Yew Man Kit who did best for the home team by winning all three sets.

In the Mixed Doubles, the United Services consolidated their position at the top of the League Table by beating the Kowloon Cricket Club. Capt. Barry and Mrs. Lochner again contributed most to their side's success, although the other two pairs played very well also. E. F. Fincher and Mrs. McFavish showed up prominently against their more formidable opponents.

Results:—

"A" DIVISION.

C.R.C. v. I.R.C.

Playing on their own courts, the Chinese Recreation Club won the match by 7 sets to 2.

Scores:—
M. K. Lo and M. W. Lo (C.R.C.)
lost to H. D. Ramjahn and S. A. Ramjahn (I.R.C.) 3-6

beat J. S. A. Curram and A. A. Ramjahn 6-1

beat J. A. Cassumbhoy and I. M. A. Razack 6-2

Ho Ku Lau and Yew Man Kit (C.R.C.)
beat H. D. Ramjahn and S. A. Ramjahn 6-3

beat J. S. A. Curram and A. A. Ramjahn 6-1

beat J. A. Cassumbhoy and I. M. A. Razack 6-3

Tsui Wai Pui and Lee Wai Tsing (C.R.C.)
lost to H. D. Ramjahn and S. A. Ramjahn 1-6

(Continued on next column.)

WIMBLEDON TENNIS

VINES BEATS CRAWFORD

[THROUGH REUTER'S AGENCY.]

LONDON, June 30.

In the Women's semi-finals Mrs. Wills-Moody beat Mrs. Healey 6-2, 6-0.

H.K. VOLUNTEER DEFENCE CORPS.

[ORDERS BY LIEUT.-COL. L. G. HIND, D.S.O., D.S.E.]

Parades.

The Battery: There will be no parades until further notice.

Corps Signals: A parade for Signalling Instruction will be held at Corps Headquarters at 5.30 p.m. on Friday, July 8. It is specially requested that all members will attend this parade, in order that a suitable training programme may be arranged.

Machine Gun Troop: Parade on Tuesday, July 5 at the Riding School at 5.30 p.m.

Armoured Car Section: There will be no parade on Monday, July 4. The whole Section will parade at Headquarters at 5.30 p.m. on Friday, July 8.

Machine Gun Company: 1. Recruits will parade at 5.30 p.m. on Tuesday, July 5.

Class "A" Machine Gun Training under A/C.S.M. Terry.

Class "B" Arm Drill under Sgt. Urquhart.

Press for Class "B"—Rifles, Belts and Sidearms.

2. On Friday, July 8, the Company Signallers under Captain W.H.G. Gouter, D.S.O., M.C., and Instructors Machine Gun Class will all parade at 5.30 p.m. at Headquarters.

Anzac Company: 1. Parade at Volunteer Headquarters at 5.30 p.m. on Monday, July 4 for Machine Gun Instruction.

2. N.C.O.s Class will be held on Friday, July 8 at 5.30 p.m. All N.C.O.s are requested to attend.

A.A.L.A. Company: No. 1 Sec. A.P.C. and No. 2 Sec. H.K.E.

The usual weekly instruction parades are suspended till further notice. Instead, the two Sections will parade together on the first Thursday of each month commencing July 7 at A.P.C. Installation, North Point at 5.30 p.m. Members are strongly urged to attend as often as possible intermediate parades with No. 3 Section, Centre at Headquarters every Monday at 5.30 p.m.

Other Sections will parade according to the following time table:—

No. 5 Section, Centre at Headquarters at 5.30 p.m. on Monday, July 4.

No. 5 Section, Kowloon Cricket Club, at Kowloon Cricket Club at 6 p.m. on Tuesday, July 5.

No. 4 Section, Kowloon Dock, at Kowloon Dock at 5.30 p.m. on Friday, July 8.

Portuguese Company: A course of classes and lectures on interesting and instructive subjects will be held during the months of July and August, on Tuesday evenings at 5.30 p.m. All N.C.O.s are expected to attend, and any other Member of the Company, who is interested, may do so. When the training season commences, the position regarding existing N.C.O.s, and promotions generally, will be reconsidered in the light of the attendance at these lectures.

The first lecture will be on Tuesday, July 5, "May Reading with practical examples" by C.S.M. Slattery.

(i) The Officers Commanding the undermentioned Units will issue their Orders separately to their Commands:—

I. Engineer Company.

II. Motor Machine Gun Section

III. Scottish Company.

W. H. G. GOATER, Capt. Adjutant, H.K.V.D.C.

Notice.

"Annual Aquatic Sports. There will be a meeting of the Aquatic Sports Committee composed of the following on Tuesday, July 5 at Headquarters at 5.30 p.m.:—
Captain E. J. R. Mitchell, President.

Lieut. J. H. Bottomley, Lieut. E. G. Stewart, Sergeant W. H. Over, Sapper E. W. T. Ross.

Dr. Barnardo's Home Fund. The undermentioned amounts have been collected for Dr. Barnardo's Home:—
Sergeants' Mess \$81.08
Canteen 0.65

A draft for these amounts has been forwarded to the Secretary, Dr. Barnardo's Home.

Don't let headaches spoil your efficiency in the office or interfere with your evening's amusements. Always keep Genasprin at hand and take two tablets dissolved in a little water the moment you feel pain coming on. Genasprin is far purer than ordinary aspirin and therefore far safer. Quickly and surely it makes pain fade away, and leaves no after-effects whatever. Genasprin retains its wonderful pain-relieving powers "in spite of repeated administration."

"Immediate Relief." The famous racing motorists, Mr. J. J. Hall, writes: "Through severe vibration and banging about I have suffered from acute headaches. I have tried almost every known make of remedy, and I definitely state that I have found Genasprin infinitely superior to anything else. In addition to bringing immediate relief, Genasprin leaves no unpleasant after effects whatever, soothes the nerves and does all and more than is claimed for it."

Doctors themselves use

GENASPRIN

The SAFE brand of Aspirin

"To relieve the pain of Headache, Malaria, Dengue, Toothache, Heatstroke and Neuralgia, and to soothe the nerves in cases of Sleeplessness, Over-exertion, Excitement and Irritability."
W. R. LOXLEY & Co.
Agents.
To obtain the best results, Genasprin should be dissolved in a little water.

Made by GENATOSAN, LTD, LOUGHBOROUGH, ENGLAND.

"THE SILENT WITNESS."

FINE ROLE FOR GRETA NISSEN.

A trade notice states:—
If Greta Nissen ever finds the time and the inclination to write her memoirs a "belting" title to the volume might be "From Saint To Sinner," for this alluringly beautiful blonde siren who plays an important role in the Fox production, "The Silent Witness," opening next Sunday at the King's Theatre, made her first professional appearance at the age of 15 in the role of an angel. But growing to womanhood her intriguing beauty has suited her to vamp.
In "The Silent Witness" Miss Nissen impersonates a merciless woman who leads astray an irresponsible youth. When her deception is

CIRCUMSTANTIAL EVIDENCE
shows its red around Lionel Atwill in the Fox picture drama, "The Silent Witness."

discovered the boy works himself into a frenzy and chokes her into insensibility.
Later, to his father and mother and in the presence of his real sweetheart, he confesses to "killing" the woman.
When circumstantial evidence later points to the father, rather than the son, as the murderer, the brave parent, to save his weak offspring, stands trial for the crime. Not until the very end of films is the disclosure made of who really killed the woman, which adds greatly to the thrill and suspense of the drama.

The role of the father is played by the distinguished actor, Lionel Atwill, who created the role in the original stage production. Another member of the Broadway cast, Bramwell Fletcher, also plays in the picture, impersonating the son. Helen Mack is the "order" feminine principal with Waldon Heyburn completing the list of featured players. The supporting cast includes Mary Forbes, Montague Shaw, Wyndham Standing, Billy Bovan, Lowden Adams, Eric Wilson, and Herbert Mundin. The original play is from the pens of Jack DeLeon and Jack Chelstein and was adapted for the screen by Douglas Doty. The production was directed by Marcel Varnel and R. L. Hough.

FOX PICTURE

THE DIRECTOR OF "SKIN DEEP."

A trade notice states:—
Ray Enright, who directed "Skin Deep" the latest Warner Bros. all talking Vitaphone picture starring Monte Blue, now at the Queen's Theatre, was born in Anderson, Indiana. He was educated in Los Angeles and worked for a while on the "Times." His first picture work was as cutter on the earlier Chaplin pictures. He was with Mack Sennett for seven years, serving in addition as "gagman" and became editor-in-chief of all comedies.

Mr. Enright, served with the A.E.F. in France and on his return did editorial work for Ince, Interceding to Warner Bros. as cutter. He was chosen to direct "Skin Deep" in "Tracked by the Police." His signal success in that picture obtained for him the direction of "Jaws of Steel" and the handling of the megaphone for the "under-world" melodrama, "The Girl from Chicago," with Conrad Nagel and Myrna Loy. His next picture was "Domestic Troubles." This was followed by "The Little Wildcat," "Land of the Silver Fox," "Stolen Kisses" and "Kid Gloves."

In conjunction with this picture the world-famous Long Tack Sam is appearing with phenomenal success assisted by his wonderful troupe of magicians, acrobats and wonder workers.

LONG TACK SAM.

ATTRACTIVE COSTUMES.

In "Long Tack Sam's" Marvellous act at the Queen's charming toilettes are worn by his daughters. One dances in a long and very full gown of white tulle over satin; fashioned in little frills. The fitting bodies is seen with crystal with shoulder straps of narrow straps and the little shoes are also glistening. The other daughter, who does wonderful things with a violin, appears in a satin blouse in a parchment pink shade. The sleeves are richly embroidered in crystal and are bloused at the wrist, where they are tied in little knots, the waist finish also being embroidered in crystal. This is worn with brief knickers in prune shade.

Another stage gown is in Chinese fashion. Over the richly embroidered suit of turquoise lined with rose is worn a wonderful mantle of silver which is fringed in points, and very finely wrought. In the centre of back and front is a panel of coloured embroidery. The robes of the company are rich and colourful and Long Tack Sam is in black and silver, in contrast with the varied hues of the girls of the others.

GOSSIP & FACT.

"Goodnight Vienna," with Jack Buchanan and Anna Neagle.

Australian officers and his love-parade. Picture on usual lines of Viennese fantasy, with some well-staged numbers in which Anna Neagle looks and sings her best and everyone dances. Jack Buchanan has gay moments, though they lack wit. Production polished and music attractive. Film in the holiday mood.

"Zeppelin."

Paul Lukas, whose contract has been bought from Paramount by Universal, will be featured in "Zeppelin," opposite the Austrian actress, Tala Birelli.

Two Newspaper Stories.

Hollywood, which announces periodically that the one thing it is crying for is new ideas, has just made two more newspaper stories. One is called "Scandal for Sale," with Rose Hobart, Charles Bickford, and Pat O'Brien (the star reporter of "The Front Page") as the principals.

The other is "The Famous Ferguson Case," with John Blondel. It is described as "dull, trite, and talky."

Two Merry Films.

Wardour Films this week are again to the fore with "To Night's the Night" and "Strictly Business."

The first is a hilarious riot of fun and laughter directed by Monty Banks, with that inimitable rubber-faced B.I.P. comedian, Leslie Fuller, starring. "To Night's the Night" deals with the further adventures of Bill, this time the Secretary of a slats-club, the funds of which, on the night of the share-out, are missing. Bill is interned in one of H.M. prisons, and it is

then the fun begins. Bill as a convict is irresistible. Ably supporting Fuller are Amy Veness, Hal Gordon, Charles Farrell, and a newcomer to the screen—Betty Fields, who possesses a voice no less remarkable than that of her sister Gracie.

"Horse Feathers."

Thelma Todd, blonde siren who drove the Four Marx Brothers into comedy raptures and emotions in "Monkey Business," has convinced the Marxmaniacs that there is no substitute for her type of vamping when she was chosen for their Paramount comedy, "Horse Feathers." As the icy-hearted "college Widow" wooed by all four of the comics, she will share feminine honours with Florine McKinney, the ingenue lead.

Wynne Gibson's Triumph.

By far the best film of the week is, I think, Paramount's "The Strange Case of Clara Deane," says a London writer. I have always believed that Wynne Gibson was potentially a brilliant actress. Well, she is. In this picture she gives one of the outstanding performances of the year.

The plot is rather reminiscent, with suggestion of "Forbidden" and other studies of long-suffering and heroically enduring womanhood. But the treatment is competent, and the acting of Miss Gibson, both as a young mother and an ex-gal in middle age, is so superb as to challenge comparison with Barbara Stanwick's in "Forbidden," and Helen Hayes' in "Lullaby."

Not also Frances Dee, the lovely ingenue who plays the heroine's grown-up daughter. Here, unless I am a very bad judge, is a young woman heading straight for stardom.

"DUMB BELLS IN ERMINE."

MERRY CLASH OF YOUTH AND AGE.

A trade notice states:—
What just the right cast can do with just the right story will be demonstrated at the Queen's Theatre on Sunday when Warner Brothers present "Dumb-bells in Ermine," their latest Vitaphone production.

With Robert Armstrong and lovely Barbara Kent in the featured romantic roles, and a cast which includes Beryl Mercer, James Gleason, Jack Swayne, Gordon Arthur, Hoyt, and Mary Foy, "Dumb-bells in Ermine" comes to life with a shout.

If to the team of Armstrong and

THE LATEST 1932 UNITED ARTISTS SPECIAL PICTURE

CORSAIR

United Artists Picture

starts a four days run at the Central Theatre from tomorrow.

Uncle Sam loaned vessels and personnel while the film unit was on sea location off the coast of San Diego. Battle scenes were filmed within a radius of from twenty to seventy miles at sea from that port.

Approximately \$25,000,000 worth of equipment was used in the filming of this mammoth production. Sea action of the picture was photographed from the decks of ships, the cockpits of airplanes and diving bells beneath the surface of the ocean.

"Suicide Fleet" is a story of the American Navy's part in the World War that reaches its climax in a sea battle in which three submarines, an entire division of six destroyers and a 1000-ton sailing vessel participate. The sailing ship Bohemia, is sunk by shell fire from the submarines. In another battle sequence the clipper Indiana, sister ship to the Bohemia, is burned and dynamited.

The film was directed by Albert Rogell. Lew Lipton wrote the screen play, basing it upon a story by Commander Herbert A. Jones. U.S.N.F. McGraw Willis is credited with the dialogue.

Bill Boyd, Robert Armstrong, James Gleason, Ginger Rogers and Harry Benjamine head the imposing cast which includes several thousand bluejackets.
